tion of the Board appeared, & being asked whether the prevailing reports were founded in fact, ingeniously acknowledged, that he had considered himself guilty before God of the sin of Antinomian fornication. He professed that he had laboured under an error of conscience in supposing himself to be virtually married in the sight of God of whom once he had been convinced & for which he was heartily sorry - that his mind had been much excited on the subject. That he now he had sincerely repented of his sin & that the Lord he trusted had overcome his crime for good to him -

Upon this the Board, after mature deliberation came to the following conclusion. Although we feel assured that Mr. Tinsant would be sincerely penitent, yet as he is a member of a public institution, & his sin has become public, he owes public reproof, public satisfaction to the Theological Seminary -

in York - June 10th 1814

The Board met and was opened with prayer -

The Committee appointed to draft a report to be made to Gen Synod presented the following, which was adopted.

"The Board of Superintendants of the Theological School, in conformity with the rule of Gen Synod, beg leave to submit their report.

The first meeting of the Board was held in Sept 1812, when it was organized by the choice of officers, but no business of importance transacted except the appointment of the Rev. John M. Van Hook as temporary Instructor in the Hebrew Language.

In April 1813 the Board met & proceeded to the examination of the students. There were eight numbers, of different standings from one to three years. 50 of these were furnished with certificates for licensure, & the res. continued in the school. At this meeting the Rev. Mr. Van Hartingen announced his acceptance of the Professorship of the Hebrew Language & his willingness to teach Ecclesiastical History. One hundred dollars were appropriated to the relief of indigent students, & one hundred to the purchase of books, out of a moiety of the monies raised by collection.

The Board again met in Sept^r 1813 and appointed a Librarian, having received ^{considerable} number of books by donation & purchased twenty one dollars were appropriated for Hebrew Bibles, & two hundred more were put at the disposal of the Committee for the assistance of indigent students. The Professor of Hebrew having been removed by death, in November 1813, the Rev. Dr. Madeford was appointed Teacher of Hebrew until the next meeting of Synod. On the 3rd of July the Board met for the purpose of attending to the annual examination. They found eleven students in the school, five of the first year, three of the second year, & three of the third year. Mr. Jacob Van Kesteren accompanied his son having passed through the course of study in the Seminary of the Episcopalians in the Church, under a dispensation of Gen. Synod, & requested to be ordained for the purpose of obtaining the regular

1812
Professoral certificate. The school was examined
; and Messrs Cornelius Remond, Nathaniel Santoon,
James Murphy, together with Jacob Van Vechten
were recommended to Professor Livingston, for
certificate which might admit them to proceed
to an examination for licensure before their
respective classes. A committee was appointed
at this meeting to superintend the admission
of students into the Theological soc. Many
subjects of minor importance have received the
attention of the Board, the details of which
may be seen in the minutes, and are not worth
mentioning in this report. The only
say generally, that they have endeavored
faithfully to execute the duties assigned
them, by preaching examinations & lectures,
and approbation of the funds committed
to their care for the support of diligent stu-
dents, & the acquisition of a library. By dona-
tion & purchase of elementary, the main works,
and others, it is presumed there are upwards
200 volumes in the library.

Since the opening
of the school at New Brunswick, seven young
Gentlemen have been fitted for the ministry,
(eight including Mr. Tichenor) and eight remain
in the school, with the prospect of some addition.
The Board have been highly gratified with the
Professors mode of instruction, with the annual
examinations of the students & especially with
the acquisitions of those who have been recom-
mended for licensure. They promise under
the blessing of God, to be highly respectable and

useful in the church. But they have to lament
that some very important branches of Theological
education cannot be pursued with all desirable
advantage, on account of deficiency in the con-
tingent fund of the Professor. Professor Lionstone
in his faithfulness and diligence, deserves the
gratitude of the Church & Synod; but the duties
are too extensive and arduous for one Person
and even if he were willing to undertake them
the ability of his aged and venerable teacher
the health of the school the respectability and
advancement together with the reputation and
interest of the church at large are in the
hands of at least another Professor.
To attain this object, the ^{Board} has learned from the
members of the Synod that the consistency of the
Church in this connection has resolved to give \$700 a
year for six years, & the conductors of the Church
in this Synod \$200 a year for the same
time upon condition that other churches will
contribute proportionally to the same object.
Could some of our endowed churches be induced
to lend with their substance in this pious design
and establish a Theological school, which should embrace
the Hebrew Language, Biblical criticism, Archa-
eology & History, the school would present to the
church all reasonable advantage for an ad-
vanced education for the gospel ministry, & be
able to do more for a generation which would invite
the confidence & promote the welfare of our Nation.
After this statement of their proceedings, & the
present state of the school
the Board concluded with respectfully,

1844

urging on the attention of the Board, the adoption of measures for the establishment and support of a second Professorship."

Resolved that one hundred dollars be put at the disposal of the chairman for the purchase of books for the library, it is our duty it shall be to consult with the Professor concerning the most necessary and useful books -

The Committee appointed to draft a report to gen^l synod, presented the following

The Board of Superintendents in making this annual report, have the satisfaction to announce to gen^l synod that at the commence

[illegible]

In the course of the last year two hundred & fifty dollars have been appropriated to the relief of a student in Theology. The additional sum of one hundred dollars has been appropriated to the increase of the Library, which has also been enlarged by the donation of a number of valuable books—

The Board of Superintendents feel happy in being enabled to congratulate the Synod on the growing prosperity of the Institution, particularly in respect to the numbers of the students. There have been recommended for licensure, including Jones & Christie, eleven remain in the Institution & there is hope of considerable accession. The Board however regret that there is still a great deficiency in the number of Professors & that the extensive plan of a theological education adopted by Synod are not been carried into complete operation. Under a sense of these wants, feeling a desire to place the Institution on ground which will command the confidence of the churches and acting under that rule which urges them to recommend to all such measures as they conceive adapted to the advancement of the prosperity of the Institution, they hereby leave to make the following statement & recommendations.

That the practice of granting dispensations to Theologian Students to prosecute their

... studies in other seminaries (and the entire in-
government and education in our country
... studies) is unprecedented except in the
Catholic Church, and in its operation - unquestion-
ably tends to prevent the growth & prosperity
of our schools & the harmony of our churches.
... the Board are inclined to judge, we
can be attended with no possible advantages
to the students or churches at large. They therefore
recommend that in future no disbursements on
any account be granted to any of our young
men to prosecute their studies in other seminaries
and then return for examination in our school
& incense by our classes.

But while the Board
yield with pleasure their highest approbation
to the faithful and persevering labours of the
present Professor, & think him worthy of the grati-
tude of the church - they find it necessary to dis-
continue his services on account of the
education so long pursued in Europe, and
on account of his age, and his family
(if practicable) immediately to provide
more persons to be used in the same manner.
The Board are of opinion that a Minister of our
church well qualified for teaching in the
various branches, may be obtained for the annual sum
of four or five hundred dollars in addition to his
present salary, & they recommend the appointment
of such person.

To meet the present and additional

experiences, the Board are sensible new exertions will be required of the Synod; and they recommend the adoption of such measures as will utilize the liberality of some of our churches, & secure a permanent and adequate support to all the officers of the School. — In measures the Board presume not to dictate, but leave them to the wisdom, fidelity and zeal of Synod.

Yours

J. M. Bradford Chairman

The Committee appointed to draft a report to Gen-
Synod, submitted one which being considered & sanctioned
was adopted and is as follows —

— The Board of Superintendents of the Theological
College of the Reformed Dutch Church, report to Gen. Synod
that they met and were regularly constituted at New-
York on the 11th Oct^r 1815 —

The Students found in the Ministry at that time

were ten in number. Of whom 5 were of the standing of two years and upwards and 5 of one year and upwards.
On the 21st of November last the following young gentlemen were admitted into the Theological Institution, namely: Walter Montooth, Cornelius Bogardus, David R. de Forest, Brogen Huf and Stephen H. Hook. The gentleman last named, was obliged in consequence of severe indisposition to leave the School shortly, after his admission. It is not expected to return.

At a special meeting of the Board held at New Brunswick May 28. 1816, they were furnished by Pres. Livingston with the following list of Students completing the School, with their respective terms of standing viz—

Thos. G. Forrest one	} of three years standing—
Wm. R. Bogardus	
Wm. Scott	
Edw. C. Eltinge and	
Jacob J. Schuttz—	} of two years standing—
Samuel T. Van Marken	
Thos. H. Brewster—	
Frederick Vermale	
Isaac Newton Wykoff &	
Peter Van Gandt—	
Walter Montooth	} of one year's standing—
David R. de Forest	
Corn. Bogardus &	
Brogen Huf—	

A general examination of the School was then had on Pedagogy and Pastoral Theology, and the Senior Class in addition to the above were examined on Church History, & the Hebrew Language. The Board received great pleasure from that examination and they feel constrained to express to Gen. Synod, their entire & decided approbation of the course of instruction, pursued in the Seminary, of the Fidelity of the Professors, as well as of the diligence & attainments of the Students. They consider the Students as having in their examination done great Honour to themselves as well as to the Seminary, in which they have been educated. The Board take occasion most cordially to recommend the School which has been the object of so many prayers & so much solicitude to the confidence & patronage of all the Churches—

After closing the Examination the five young gentlemen²⁹ above named of the Senior Class, were recommended to receive Professional certificates, in order to their examination for Licensure —

From information received by the Board, it is expected that the School will have an accession of students to its present number for the coming year —

By the young Men educated in our Seminary, under the Patronage of the Gen. Synod were originally intended to supply the wants of our own Churches, and as in the Providence of God, some of them may be immediately called to others & after the lapse of a short time, from their first settlements to Churches of other denominations, the Board have deemed it both equitable and expedient, to ask from each Individual receiving aid from them, a note without interest obligating them to repay the Monies so received, in case they shall remove while Licensed or within 12 years after settlement, leave the Reformed Dutch Church and attach themselves to any other denomination —

By a vote of the Board, passed October 11th 1815 — the sum of Five Hundred dollars, was put at the disposal of a Committee for aiding indigent Students and the further sum of 300 dollars on the 20th May 1816 — of this sum \$100 have been presented to one of the Students, and for three Hundred & twenty five dollars, they have received notes payable on demand without interest —

As some difficulty has arisen, respecting the time of admitting Students into the Theological School & of licensing the Senior Class, for receiving Professional certificates, the Board of Superintendents, request the Gen. Synod to take Order on that subject — they also request, as the funds for the Support of indigent Students, are at present, quite inadequate to the object contemplated, that the General Synod will take prompt and efficient Measures to replenish those Funds — all which is respectfully submitted —

The Committee appointed to draft the annual report to be presented to the General Synod, made a report which was adopted and is as follows: —

In obedience to the Order of General Synod the Superintendents of the Theological College report —

That they met pursuant to a resolution of the General Synod of 1816 at the Theological Hall in New Brunswick, on the first Tuesday in May 1817, for the purpose of superintending the examination of the Students in that Seminary, & of transacting such other business as might be necessary for promoting the objects of the Institution —

The Board feel a high degree of pleasure in that they are enabled to communicate to the information of Synod, the following summary account of the State of the School, viz

The Professors furnished a list of the names & standing of the Students composing the School, from Feb. 1810 to June 1817 of which the following is a copy

Samuel. J. van Francken. Isaac. V. Wykoff. John. J. Purdie
Peter van Landt junr. William H. Philips, Samuel. H. Gam & John
Ludlow; & thro' years standing —

Walter M. on Leith, David W. de Fries, John. J. Begarans, Henry
Smalley, John. van der Voort & Morgan Huff: of 2 years standing
John. Veltz, James Romney, Jacob. Linda, Henry Smalley

John Van der Voort: of the year's Standing — 1817 45

The Board having duly attended to the Examination of the above Students, in Didactic, Polemic & Pastoral theology, Church History, and Government, the Senior Class were further examined in the Hebrew Language, and their answers, desiring to enter into the work of the Ministry; and after having exhibited specimens of their talents and manner of Harmonizing, it was unanimously resolved, that they (the Senior Class) be recommended to the Professors for certificates, in order to be admitted to an examination before a Consistory for Licence —

From the above Statement it will appear that there are seven who have finished their course of study; that nine remain in the School, four of whom have entered in the third & five in the second year of their term —

On the fourth of Sept last, a special meeting of the Board was held at New Brunswick, upon the committee of appropriation reported, that they had loaned to one Student \$200, to another \$100, and given to a third \$30, for which he had receipted — At the same meeting \$500 were put at the disposal of the Committee to which \$100 were added in May last —

At the desire of the Students, Professor Schumann has been requested to deliver a course of Lectures on Ecclesiastical History —

The Board are unwilling to omit this opportunity to express to Gen. Synod their entire Satisfaction, not only arising from the attainments, the talents & the Piety of the young gentlemen who have been examined, being youth of much promise, but also the assiduity, the zeal, the fidelity and well arranged system of instruction pursued by their worthy professors in whom the Synod have reposed their confidence — They hesitate not today, that in their opinion that trust has not been misplaced. Events have hitherto justified their choice — We behold a from time to time, issuing from this Seminary (the long desired object of our American Zion) young men qualified for their work. They need not be ashamed — In this evil day in which the Enemy cometh in like a flood, we trust, the Holy Spirit, is thro' the Instrumentality of this School in some measure, erecting a Standard against him, in the midst of the Churches. While the Board notice the ability with which the department assigned to your Senior Professor is conducted

having entered on ¹⁸⁷⁷ old ties new & centred, guiding our
precious souls in paths until lately unacquainted by himself
they feel it to be a tribute of just respect to mention the dili-
gence and solicitude to preserve inviolate the purity of doctrine
& practices, hitherto the distinguishing features of the Reformed
Dutch Church, which mark the conduct of that venerable Father
or, who long since was designated by our Mother Church for the
important trust, who has been the first object of our Choir and
who amidst increasing years and declining health has man-
ifested still more fervently a willingness to spend & be spent in the
Kingdom of the Redeemer by serving his Church. —

The Board having only farther to add, that they have
reason to expect an accession to the School in the course of the pres-
ent year: to what extent however they cannot with propriety say.

The Scarce State of the Funds, continues to be a matter of
regret: on this subject the Synod are in possession of documents
which furnish them with information —

The preceding Statement commands the institution
to the unremitting, fostering care of the General Synod, whilst it testifies
forth our unqualified gratitude, & demands the creation of thank offerings:
it claims our importunate prayers for its peace & prosperity,
and presents an object to which the exertions of the whole of our Church
as a united body, should be directed —

All which is respectfully submitted —

Jos. J. C. Noyes Chairman

Whereas the general synod has by their statute

of 1813 extended the superintendence of the board over every student in the Reformed Dutch Church so far as to render it the duty of every student previous to his commencing the study of Theology to make himself known as such to the board of Superintendents and to enroll in himself as under their care - and whereas the board have understood that there are at present and have been for a year past some students in the School of Professor Andrijs who have hitherto not yet submitted themselves to the board Resolved to require the above care to be signed in their dismission and advice -

The Committee appointed to draft the annual report to be presented to the Synod made a report which was adopted and is as follows.

The Board met in the Theological Hall at Orono Brunswick on the last Tuesday of May 1818 for the purpose of superintending the annual communication of our Seminary and its other concerns. The board found your school in deep mourning in account of the death of our greatly beloved and highly esteemed Junior Professor the Rev. Dr. John Schumacher is no more - He is lost to his family to the school and to the Church. God who gave has taken him away in the midst of his usefulness. But we must neither mourn nor despair. It becomes us to submit with resignation and to say the Lord gave and the Lord hath taken away blessed in the name of the Lord -

The Senior Professor furnished the following list

The names and standing of the students of the College
during the previous year are as follows and among
those of three years standing - Jacob Linder John J. Miller
James B. Rogers John H. Smith John W. Thompson
of two years standing - Eli Baldwin David Denning
George H. Smith John L. Smith John W. Smith
Alfred J. Smith Seymour Smith and Paul
Merriman of one year standing -

The board have attended to the examination of
all the students in Didactic & Polemic Theology
approved of their proficiency in said branches. The
board then proceeded to examine Cornelius B. Rogers
David R. De Forest and Augustus H. Smith students of
three years standing in Ecclesiastical History Church
Government Natural Theology and the Hebrew and
Greek and being satisfied with their proficiency
in said branches and in Didactic and Po-
lemic Theology the board unanimously resolved
that the above named students be recommended
to the Union Professors on certificates which may
admit them to examination for license in any
any Office or Particulars desired. From the above
statement it will appear that three students have
finished their course of study and that there are re-
maining in the School five of whom have entered in
the third and eight in the second year of their term.
During the year past the board have granted in
the relief of the indigent students the sum of \$2500
in the following proportions - to one student \$150
to another \$150 to another \$150 to another \$150 to

another 135 and to another 120 - The board take this
opportunity to express their appreciation of the faithful
and unremitting labors of our venerable sur-
viving Professor and to express their fervent
hopes that the great head of the Church may
long continue him in the midst of us as a blessing
to his people -

From a view of the wants of the School and of the
state of our funds the board recommend to general
meeting that a decision be taken whether to dis-
continue or not as they shall deem it expedient.
The board wish to add that they have reason to
expect an accession to the School in the course of
the present year - The board before they close
their report beg leave to call the attention of
Synod to an existing irregularity in the School of
Professor Gualter. Whereas the General Synod
have by their statute of 1813 extended the super-
intendence of the board over every student in
the Reformed Dutch Church so far as to render
it the duty of every student pursuing a dis-
course concerning the study of the clergy to make him-
self known so much to the Board of Deacons and
to consider himself as under their care - And
whereas the board have understood that there
are at present and have been in a year past
four students in the School of Professor Gualter
who have hitherto not yet reported themselves
the Board resolved to refer the above case to General

1. Resolved that the Rev. James S. Cannon is and Le Lereby is appointed by this Board to teach during the present Session, Ecclesiastical History, Church Government, and Natural Theology, and that he be allowed for his services the sum of Two Hundred Dollars.

By order of the Committee

(Signed) S. P. Woodhull, Chm.

The Committee in Report and this report was adopted and is as follows, viz

1. That the General Synod have ordered that there be vacation in the Theological College for no more than three Months in any one Year; and your Committee have ascertained, that ordinarily the year has not continued for more than seven months in one Year. Your Committee deem obedience to the order of Gen: Synod to be demanded by the honour and interests of the Seminary and the good of the Students

2. Your Committee conceive that it would be advisable that the Professor of Didactic Theology go through the whole of his course of Lectures once in the first two years, and cause it to be carefully, yet rapidly reviewed by the Students in the third year; thus affording continually more time for attending to the other Instructions.

3. Your Committee consider that more attention should be paid by the Students to the art of preaching, particularly that part of it which relates to analyzing sermons, and the delivery of sermons

4. Your Committee believe that the Students devote too much of their time to the transcribing of the Lectures of the Professor of Didactic Theology, and that they would be more benefited by taking notes and having recourse to thinking and reading of books.

(Signed) C. C. Cuyler, Chairman

Resolved that this Board respectfully request the Rev. Dr. Loringston to publish his Lectures, as a measure calculated to be of great advantage to the Students, to the Institution, and to the Church at large

Resolved that official notice be given to the Rev. Professor Livingston, of the appointment of the Rev. J. S. Cannon, D.D. to instruct the Students in Ecclesiastical History, Church Government, and Pastoral Theology, during the present session: and of Mr. John L. Nelson as Teacher of Hebrew and Greek Languages for the same term

The Board being informed that some Students of the Theological College, have occasionally preached. Therefore

Resolved that this Board highly disapprove of said practice, and that no student be allowed either to preach or lecture, unless under the immediate inspection of the Professor, or Professors and that a copy of this resolution be furnished to Professors Livingston and Frolich, for the information of the students

The Committee appointed to draft a report to Gen. Synod, presented the following, which was adopted, and ordered to be forwarded in due form to Gen. Synod

The Board of Superintendents of the Theological College respectfully present to the New Gen. Synod the following report of their proceedings during the last year

A new appointment of Superintendents having been made by the Synod in June last, the Board organized a new body, and on their own adjournment met in the City of New Brunswick, at the opening of the Theological College in November, 1840.

The Board contemplated that the General Synod would have filled the vacancy in the College, occasioned by the lamented death of the late able, and amiable Professor, the Rev. Dr. John Schuurman But finding that that Pres. Body has not been able to carry into effect the laudable object of supplying his place in consequence of the declination of the Professor Elect; and believing that the interests of the students would be materially injured by the suspension of the Study of Ecclesiastical History, Church Government, Pastoral Theology, and Biblical Criticism; the Board felt themselves irresistibly called upon to procure for them temporary instructors in those respective branches. Accordingly they appointed a committee to "inquire by what means, and upon what terms instruction might be furnished to the Theological Students during the Session in those branches". This committee found on inquiry, that the Rev. James S. Cannon and Mr. John L. Mahan, who were in the vicinity of the College, must be obtained for those purposes.

The terms on which the Committee prevailed upon these Gentlemen to accept their respective services were so moderate, and so completely within the reach of the means of the Treasury, that the Board resolved to comply with them; and accordingly appointed the Rev. James S. Cannon to teach Ecclesiastical History, Church Government and Pastoral Theology; and Mr. John L. Mahan to teach the Hebrew and Greek Languages during the Session. The Board are happy to

to be able to inform General Synod, that the a-
bove named gentlemen entered immediately, and
zealously on the discharge of the duties assigned them,
and so far as their engagements would, - must have
unremittently discharged those duties to the close of the
Session.

At the same meeting the Board respectfully
requested the Rev. Dr. Livingston to furnish his
Lectures as a measure calculated to be of great ad-
vantage to the students, to the Infirmary, and to the
Church at Large. The Board have as yet received
no answer to their request.

The Board again met at even. Room twice on
the last Tuesday of May, for the purpose of further
tending the annual examination of the College. On
this occasion Professor Livingston laid before the
following list of students, viz. Jacob Lomba, James
Pomeroy, Henry Smalley, John Van dervoort, Isaac
A Van Hook, and John Rawls, of the First Class.
Eli Baldwin, Jared Lewis, Isaac Fisher, Gabriel
Ludlow, John San Leun, Abraham Society, Sey-
mour Lunck, and Paul Wiedman, of the Second
Class. - Maurice W. Dwight, Joseph Wilson, Peter
P. House, James Brown Ten Eyke, and Isaac Wil-
son, of the Third Class. James Brinkerhoff,
Stephen Goetschius, George Dubois, and Abraham
Fort Students of Professor Fraleigh who in obedience
to the orders of General Synod had previously report-
ed themselves to the President of the Board, were also
present at the examination. The three last of these
last named gentlemen applied for examination
with a view to obtaining Profissorial Certificates
previous to licensure. The Board attended to the
examination of the above named students, on
Didactic and Polemic Theology, Ecclesiastical His-
tory, and Church Government. And the first

have accordingly been directed to make an
engagement in the City of New Brunswick con-
sistent with the plans of economy adopted by
the Board.

With gratitude to the Great Head of the Church, the
Board inform Synod that the health and well-being
of their Venerable Professor Livingston are still
continued, and that at his advanced age he is,
with his usual serenity and ability, blessing
the Church, by communicating to his succeeding
Ministers, the theological information, which
he is so eminently distinguished. But they would
do injustice to the Pres. James C. Burman and
Mr. John S. Mahan if they did not add
to the record a word that those gentlemen have in-
dustriously, ably, and successfully discharged the
duties assigned them. The students manifested such
an acquaintance with ancient, sacred, and profane
history; with the history of the Church, since the
commencement of the present era, with her
government and the duties of the Pastoral Office,
as to honor and to their diligence and talents, and
complimented the qualifications of their teachers
Instructors. They also manifested an acquaintance
with the Hebrew and Greek Languages, which
proved that Mr. Mahan had discharged his duties
with his known ability and fidelity.

It is gratifying to the Board to be able to in-
form the Synod, that instruction has been com-
municated to the students on most of the branches
contemplated to be taught by two additional
Professors, at an expense less than one third of the
salary allowed to one Professor.

The Board cannot close their report without
expressing their thanks to the Synod on the
fact that nine additional members of the conf.

are about to receive the commission, "Go ye and preach the Gospel". That our Theological College, which has been the object of so much fostering care, is in a flourishing state and from whence an increasing number of able and faithful Ministers

The Board, in the exercise of the powers vested in them by the plan of the Institution, respectfully but earnestly urge upon the General Synod the completion of the organization of the Theological College

Our present venerable Professor, it is well known is advanced in years; and if the Master should be pleased to disqualify him down from his earthly service, our Seminary would be without any Professor. We cannot expect that temporary instructors can be obtained from year to year. The honours of the Church and the interests of the College, demand that the vacant Professorship be filled as soon as possible and that such permanent arrangement be made on this subject as will command the confidence of the community and make the Institution an increased blessing to the Church and to the world

The Board respectfully request the General Synod

1. To direct their Stated Clerk to furnish the Board so far as practicable, with a copy of all their past and future minutes
2. To change the day of the annual examination of the Theological College from the last Tuesday in March to the last Monday in May
3. Again to intrust the admission of students into the Theological College to the Board of Professors and Students

Resolved that the Rev. G. C. Canby, Mr. William Eltinge, and Gilbert M. Livingston be a Committee to consult and advise with Mr. Ellis in relation to his present situation.

Resolved. That the Professors be requested severally to report in writing to this Board at the opening of the next meeting in Nov. annually, the state of the school, and an account of the conduct, and attention of the Students during the session of the School and that the Senior Clerk send a copy of the Professors reply of this resolution.

The Committee appointed to draft a report to Genl Synod, presented the following which was adopted. viz.

The Committee appointed to draft a report to Genl Synod, present the following viz.

The Board of Superintendents, in obedience to the order of Genl Synod, present to that Rev. Body, the following as their annual report

In compliance with the resolution of Synod, passed at their meeting in June last, the Board met in the City of New Brunswick on the first day of September AD 1814, that being the time appointed by Synod for opening the Theological School; and they take the liberty of expressing to Synod the gratification which they felt on finding the Seminary under their superintending care, again furnished with an additional Professor; the Rev. Mr. Lindlaw having been installed in his office, agreeably to the order of Synod.

That the Great Head of the Church may strengthen him; still farther qualify him for the duties of his office; and make him a lasting blessing to the Institution over which he presides, is the sincere prayer of the Board.

The School was not opened on the first day of September last as was ordered by the Synod. The junior Professor informed the Board, that in consequence of his late appointment to his office he had not been able to make such preparations as he conceived were necessary for a profitable

Discharge of the duties assigned him; and submitted to the Board the propriety of delaying the commencement of the Session until the first of November. Such delay the Board did not feel at liberty to authorize; nor did they in their official capacity authorize it, although they felt constrained, as Individuals, to assent to its propriety. Still they believe that under existing circumstances, and with the assurance, that the indulgence was asked, and expected for the time being only, the Synod would not hesitate to give to the course pursued their approbation.

The intimation having gone abroad that the School would not be opened as early as contemplated by the Synod; the consequence was that at the time when the Board met, no applications except in three instances, were made for admission; which rendered it necessary for the Board to hold an adjourned meeting on the 21st day of November; which they accordingly resolved to do. On the ^{21st} day appointed, no Board of Treasurers; no arrangements, or appropriations respecting the School were made; the whole care thereof consequently devolved upon the Pres. Bishop; and the Board are happy to state, that the concerns have been so managed by them, that no serious inconvenience has been experienced during the Session.

On the 22nd day of May 1819, the Board held their annual meeting for the purpose of superintending the examination of the Students in the College.

The following is a list of the Students who were examined viz. — Eli Baldwin, Isaac & Leving, Isaac Foster, Abigail du Bois, John Van Liew, Abraham Smith, Paul Wiedman, Peter Ferris. Of the first Class. — Maurice W Dwight

The Board respectfully suggest to Synod,

1. The propriety of making it the duty of the Board and Professors, to require of Applicants for admission into the Theological College who do not produce a Diploma; testimonials of such attainments as would entitle them to such a Diploma.
2. To require it on the Board of the Corporation of Synod to collect all monies due from persons who have secured, or may receive diplomas from the Theological Seminary; and to have connected, or receive the same, with other denominations within the same Synod in the order of Synod.

There are at present two vacancies in Board, occasioned by the election of the Rev. John Ludlow to the Propagator Office; and the resignation of the Rev. Stephen H. Mowen, who has connected himself with another denomination. (Signed) By order of the Board, John M. Bradford Secy. William M. Murray Secy.

The Committee of Digest made the follow-
ing report which was adopted, viz.

The Committee of reference beg leave to
report, that in their opinion it will be ne-
cessary for the Board of Superintendents to make
appropriation for the assistance of five indigent
students in the Theological College, until next
spring, and would recommend the sum of \$250.00
be put at the disposal of the Committee of Appo-
riation for this purpose; Three of said students
are among those who were assisted by the Board.

During last session the fourth is Mr. Abraham
Van der Meer, a relation of Gen. Lyman, who
was recommended to the care & charity of this Board, while
he prosecuted his theological studies for one year at
New Brunswick. The fifth is Mr. Jacob C. Leers
a Graduate of Union College, whose case has been
submitted to the Board by Gen. Lyman at their pre-
sent session.

Your Committee would have the pleasure
that Mr. Van der Meer has made an application for
admission into the Theological College, but his in-
sufficiency in classical education being rather un-
satisfactory. He might in the opinion of your Com-
mittee pursue his literary studies at least one
year longer, to which he has been accustomed; and
then be admitted to do so, provided he can be assisted
from the Van Rensselaer fund.

There have been two other applicants for
admission into the Theological College viz. Mr.
Van der Meer, & Mr. Leroy; their certificates, as
those of the foregoing Mr. Jacob C. Leers, are equally
satisfactory, and your Committee recom-
mend, that the Board unite with the Professors
in admitting them.

Leftly, your Committee ^{recommend} the follow-
ing application to be made to the Gen. Synod
on the Board in behalf of Mr. Van der Meer, viz.
Whereas Mr. Van der Meer of approved talents
& industry, wishes to prosecute his literary studies
for one year, with a view of entering into the The-
ological College, and is not possessed of requi-
site means to defray his expenses, the Board
of Superintendents, to whom he has submitted
his case, recommend him to Gen. Synod, as
a fit person to be assisted from the Van Rens-
selaer fund,

Mr. Day has attended to his Theological Studies with greater assiduity and success than in the preceding year and appears to be now sincerely engaged in his work. In his examination it can be ascertained to which class he is to be attached - as to his conduct it has been too much marred with levity and want of gravity -

Mr. Whittier has labored during the year and still more throughout the present Superior Regulate the Lectures, and at the same time and frequent examinations has not attended at all. He gives no evidence of studying or of zeal and respect to the duties of his Station. The Superintendent must determine in which class of our clergy he must be ranked. His moral conduct is wholly unimpeachable.

If the Superior students think proper there are yet others who may with propriety be continued in the Second class.

All the other students have been recommended and are now expected to direct themselves with propriety and in an orderly manner.

The minutes of the last meeting on the case of Mr. Day were read, after which the Committee presented the following report - which was accepted -

The committee to whom was referred the case of Rich. V. Day beg leave to offer the following communication to the Board.

That agreeable to their appointment they have had an interview with Mr. Day and entered with him into a full and free conversation on those points on which it appeared that he had been indisposed from prosecuting his Theological course in the Seminary. Mr. Day stated to the committee that on the first charge, namely that of disobedience to the Board in preaching he was prepared to lay before the committee certain certificates which would go to show that he had taken no liberty on this subject but such as have been permitted in other instances, both in our own Seminary and in other Theological Institutions and that on the second charge of continued civility and indiscretion, notwithstanding the admonitions formerly given him by the Board he could solemnly assure the committee that he knew of no one particular instance of civility on his part on which any new charge could be

Journalist, or any sentence against ^{him} the fact - The committee having heard Mr. Day and examined his certificates, learning also ascertained that he was absent from New Brunswick when the board last met and therefore could not have had any opportunity of answering our charges or specifications of charges brought against him. Apprehending also that in all cases of charges involving the moral character and consequently affecting the reputation of a student belonging to this Seminary that examination should always be had and proofs produced of said charges either before the Board or before the Church with which he is connected - Learning also taken into consideration the possible and even probable consequences of Mr. Day's suspension as it now stands recorded in your minutes, both to himself, and to the Seminary, have deemed it advisable to call the present meeting of the Board to submit to them the documents in this respect, and to give the whole case to their reconsideration and decision.

Porter's absence from the Institution and its exercises has in every case been owing to ill health or unavoidable necessity. This improvement in the general conduct and punctuality of the Members of the College is in a great measure attributable to a resolution of the Board at their Meeting in September 1829 requiring every Student to serve as an excuse for every absence.

In connection with this statement of the general character of the Institution these circumstances connected with Individual cases which require the consideration of the Board.

Mr. Loring a member of the Senior Class in consequence of ill health left the Institution in Fall last. During his absence he was always ill. Though it is in his mind he has however been so far restored as to be able to return at the close of the session. But his feeble state of health renders him unable to attend the examinations both before the Board and Class. We request that the former may be dispensed with, that his stay may be spent in attending to his health. This request is in perfect accordance with our feelings, and more so because Mr. Loring has been a diligent and faithful student. Left in the estimation of his Directors -

The waves were crashing against the shore, creating a beautiful sound.
I looked up at the sky, which was filled with fluffy white clouds.
Everything seemed so perfect, so idyllic. I knew that this was

Of this number Mr. Gaudin a valuable member of the Institution, has been removed by death. Messrs. Blair and Morris were taken ill towards the close of the Session and as soon as they became convalescent - and their strength would permit they returned to their friends. There has been during the past Session more sickness than usual in the Institution. This necessarily occasioned some interruption in the progress of study, but I trust it has not passed away without having been in a good degree sympathetic to its members.

Apart from these providential circumstances the past Session has been peculiarly pleasant. It is gratifying to inform the Board that the attention to Study and the deportment of the members in the Institution has uniformly merited unqualified approbation. And it is hoped that the discipline exercised by the Board at the last Session while it has tended very much to elevate the character of the Institution will prevent the pressing necessity for a speedy adoption of similar measures.

Mr. Blair who is absent on account of ill health it will be soon is a member of the Sen or Class. It will be for the Board to determine what measures shall be taken relative to his disease. I would only suggest that such has been his character and standing during his whole course that under his peculiar circumstances

nothing on my part would prevent
a recommendation to classes but the
necessity of our examination

the students be sustained

A communication was received
from the Board from John Deane a student
of the Second Class requesting to have the
last year allowed and that he be granted
a certificate for licensure. The communica-
tion was read to the Committee on Mr.
Deane's case - The Committee reported that
his request cannot be granted.

The Committee also reported
in the case of Mr. Deane, That inasmuch
as Mr. Deane has completed the regular
period of study in the Seminary and
sustains a good report from the Professors
but has been prevented from submitting

brought to an examination before the Board
of Superintendents at this Session on account of
business, it be recommended to the General Synod
to authorize the proposers to give him a diploma
and certificate without an examination before
the Board.

The Secretary was requested to prepare
Docket for the registration of business at the
Autumn & Spring Sessions of the Board.

Mr Bennett made application for an
increased appropriation for the coming year
resolved That the Board will make an
increased appropriation for his assistance.

The Committee of Appropriations reported
on appropriations to the amount of \$110 for
John Fackell and \$120 for Rev. L. L. Fisher.

Resolved That a gift of \$250 be given
of Tenness S. Cannon to the amount of \$250
to meet the above appropriations.

The Committee appointed to prepare
the Annual Report to the General Synod
presented the following which was read and
adopted - as follows -

The Committee appointed to prepare
the Annual Report to be presented to the Gen-
eral Synod by the Board of Superintendents
would submit the following.

The Board of Superintendents in
obedience to the resolutions of General Synod
has been to lay before them their annual
Statement of the Condition of the Seminary
and of their own proceedings, during
the past year.

At this Meeting, in October last
the Board of Superintendents admitted
Richard D. Van Sleet, George M. Fisher
John G. Fackell, and Jacob T. B. Decker
as Students in the Theological Seminary
upon presenting proper testimonials of their
literary acquirements and church membership.

The number of students during the present
year has amounted to thirty-one.
Of this number John H. Garrison died
in Nov 1842. The following are the
names of the students arranged ac-
cording to their respective classes—

First Class— John Blair, William
Centre and Frederick and Van De Veer—
second class— Gustavus Wheel, William
Brooksman, James D. Henderson, Benjamin
Van Keulen, John Bennett, Abraham Mepelam
Jonathan F. Morris, Stephen St. Meeker, David
Van Olinda, Jacob O'Brien, Elbert Stimpelman.
Jefferson Wykkoop, John A. Yates. Third
Class— Jacob S. B. Beckman, George H.
Fisher, Richard D. Van Kleeck John G. Tabille

The Board attended to the ex-
amination of the students of the several
classes on Latin and Belaric Theology
Levitic Antiquities. Numbers of books on Scrip-
ture including the history of the Old Test-
ament Church. Chronology— Sacred History
and the Hebrew and Greek languages &c.

The students evinced a satisfactory
acquaintance with the several branches of
study in which they were examined.
and the Board feel gratified in being
enabled to state to the General Synod
at the representation of the Professors
that the institution has suffered no inter-
ruptions, and is in a prosperous state,
that the conduct of the students without
any exceptions has been correct and ac-
complish and that they have attended to
their studies with great diligence and
good success.

Fisher and Van De Veer and

William Centre having finished their course of study and having been examined in Ecclesiastical History, Church Government, experimental religion, and then on entering the Ministry were recommended for professoral certificates preparatory to licensure.

Now much as Mr. Robert Deane has completed the regular Period of Study in the Seminary and sustains a good report from the Professors but has been prevented from submitting to an examination before the Board at their Session on account of sickness, it is recommended to give Synod to authorize the Professors to give him a professoral certificate without an examination before the Board.

The sum of \$100 was appropriated to the assistance of one indigent student and \$125 to another.

The Board with the utmost solicitude and earnestness would suggest to General Synod, the propriety of adopting immediate and efficient measures, not only to secure if possible the sums of money already subscribed, for the support of the Professorate, concerning which there is some contumacious expression in the last acts of General Synod, but also to draw forth the gifts of the liberal and benevolent in the Northern portions of the Church that embrogliments similar to those which now exist may never again recur, and that it may soon cease to be necessary to call on the members of the churches for annual contributions to support the same —

It is true that in some respects the prospects of the Seminary, through the influence of circumstances with which the Synod are but too well acquainted are at present dark, but to Hill upon whose care the interests of that branch of the Protestant Church to which we certainly have so long looked, and by whom it has been supported since the presence of great evils, and delivered from appalling dangers, we look up, and together with all who love our Zion, we present to him our supplications, that he would conduct and preserve us safely through the critical emergencies into which we are brought.

The Synod feel it to be their duty to express their confidence in this Institution. It has already proved of essential service to our Church, and we regard it as one of the bulwarks of our faith. We commend it to the confidence of the churches. We know that the pure doctrines are clearly and faithfully taught. We would hold it up to the view of the churches as an object eminently deserving to be loved and cherished by all who feel an interest in the preservation and extension of true religion. We pray them to be encouraged. They have sown precious seed. They have gone forth "singing" but they shall doubtless come again "with rejoicing, bringing their sheaves with them, and then shall he that soweth and he that reapeth rejoice

together - for they shall gather fruit unto
life eternal" ¹⁶³

The Professor of Biblical Literature,
Ecclesiastical History, and Pastoral Theology,
respectfully submits to the Board of Superintend-
ents, the following kind of the present com-
position of the Ecological Seminary

There are twelve members of the Senior
Class - four of the Middle - and thirteen of
the Junior - making up the whole number
of Twenty nine (See names in Dr. Livingston
communications)

The Senior Class being the most
numerous, and having been fully and
ably instructed by the Rev. Professor in all
in Greek antiquities, the Canon and
Analysis of S. P. and Bitter Sacra, It was
deemed desirable to direct their attention
during the past Session to those branches
of Sacred Learning upon which they had not
yet formally entered - Accordingly a course
of Lectures has been delivered to them on
Ecclesiastical History, Pastoral Theology, and
the general principles of Hermeneutics.

The Junior Class was associated with them
in their studies - It is believed that the com-
mencement of the Seminary in the three branches
of Knowledge will be found to have con-
ferred much to their advantage - as they
have thus at an early period been put in
possession of great principles in regard to
decoding the Scriptures, preparing Sermons
and the ministerial office which will con-
tinually serve in their utility through the
continuance of their preparatory Studies.

In the mean time the whole
number of Students has pursued a course

of instruction in the Hebrew and Greek Scriptures
and they have been regularly exercised in
the practical parts of the criticism of the text.
The demeanor of the students has been
respectful and pious, their attendance on
the different exercises punctual and regular
and their application to study has been
afforded gratification to their instructors -

Through the blessing of our gracious Lord
the summer has been highly favored with
second to health and lives of the instructors
and students. Mr. James Rensdenburgh of
the Senior class has been visited with
severe sickness for a few weeks, but at
present however he is in a convalescent
state, but his strength is still such as to
prevent his leaving his chamber - The Board
is of opinion that Mr. Rensdenburgh is a worthy
member of the Institution - That he has made
great proficiency in his studies - and affords
good hope that should Providence best
his health he will become a high respectable
and tireless minister of the Gospel. Will the
Board favor him with their solemn recom-
mendation for examination for licensure?

Speakers to the Anniversary of the General
Synod. Mr. Gates has been absent through the
greater part of the Session from the Seminary.
He has exhibited very satisfactory proofs of
his diligence in Theological studies, and his
eloquent and intelligent has been such
as become his selection to the Institution.

It has been earnestly recommended
to the Senior class to prosecute their Hebrew
studies with diligence through the vacation
in order to accomplish this they will need
the use of Hebrew Books - a number of

to request the Board to grant them the privilege of retaining such Library Books as are indispensable to a Comptroller with this recommendation

It is respectfully suggested whether it would not be expedient to request of the General Synod to adopt some plan for the gradual enlargement of the Theological Library, particularly in those works which are calculated to facilitate the progress of the Students in the elementary branches of their education

The following Supplement was decided on the report of Prof. Sewitt -

In addition to the statement already made, the Prof. of Biblical Literature Ecclesiastical Hist. &c. has come to mention as a circumstance that cannot fail communicating gratification to every member of the Board that for the last six weeks there has been an unusual degree of solemnity among students of the students of the Seminary. Some have received increased light after great anxiety on the subject of their hopes, whilst others have had their hearts warmed and quickened. Another devotional meeting was humbly

The committee appointed to prepare a
report from the Board to the General Synod
presented the following report - which has been
read and its consideration was a subject, and
ordered to be recommended to the Synod -
as follows -

Annual Report of the Board of Superin-
tendents. The Theol. College of the Reformed Dutch Church
at New Brunswick to the General Synod - for the year
ending with May 1824 -

We are, with the sweetest hearts,
in being able to state to Genl. Synod, that under the smiles of
a gracious Providence, the Theol. College has been kept in
peace & full operation through another year - the presence of
oversight & instruction has been regularly, diligently & successfully
pursued.

Through divine mercy, the life of our venerable senior
brother, for long shared & sorrow has his health been, that, in
his seventeenth year, he has been enabled to attend to every
lecture for the season, without feeling it to be a burden; nay,
with the alacrity & delight which belong to much earlier ^{life} years.

The Prof. of Biblical Literature, elected at the last
session of General Synod, has accepted the appointment & was
inaugurated according to the order made on the subject at
the commencement of the last session of the Theol. College.
He immediately entered on the duties of his office & has fulfilled
them, to the perfect satisfaction of the Board. We deem this
a testimony due to the diligence & success with which he has
prosecuted the objects of his appointment, to a new, important,
& highly responsible station in the Church.

The number of students who have attended at the
Theol. College during the year, has been ~~forty~~ ^{forty} nineteen. Thirteen
have belonged to the First Class - Four to the Second - Twelve
to the Third - The following is a list of their names, viz -

The progress of Biblical education is not alone the
destruction of the Church has been respect, in some of its
uses on the different exercises, heretofore regular, the
education of students has a direct gratification. Their
gratification to every member of the Board that for the
last 44 weeks there has been an unusual amount of
leisure among several students of the seminary. Some have
received increased light after great anxiety on the subject of
their souls; whilst others have had their hearts warmed and
enriched. Another devotional meeting was commenced
which is spoken of as having proved the source of a true
joy."

The whole of this information has been very
gratifying to the board they have no doubt it will be to the
Church. While our members are pursuing this course
with diligence & persevering the will of God in their hearts you may
confidently hope that our churches will be long & happily with

faithful & able pastor; workman who need not to be ashamed; men
who will bring the ark with steady steps when the ark is
below will be called to their rest.

We have, as usual, examined the students in the various
branches of studies inscribed on them, and are abundantly satisfied
that the remuneration of the professors has been well merited. The
senior class with the exception of James P. Gardenberg have
been cordially recommended for professorial certificates. Mr. Gar-
denberg was, however, exempted from the examination of some indis-
positions, from which his service (much) he is happily recover-
ing. The board have been assured that he is a worthy mem-
ber of the institution; that he has made great proficiency in
his studies, & affords good hope, that should the Lord restore
his health, he will become a highly useful & reputable minister
of the gospel. We recommend his case to the attention of General
Synod. Should they will allow the professors to furnish him with
a certificate to admit him to an examination before classis.

We cannot name, during the past year, a proportioned number
of students who received assistance the sum of six hundred
dollars. This sum is exclusive of the assistance afforded in
the same institutions to the late deceased pious, truly liberal Eliza-
beth Henshaw whose memory is treasured in our lives. In making
these grants the board have endeavored to govern themselves
in the most judicious manner, granting nothing which would not
appear to come from their hands. We hope it will be found to be "bread
cast upon the waters," & we must wait in some measure season -
That our brethren do so, that they consider the state & prospects
of our theological colleges encouraging - The number of students
has been greater during the past year than at any
period. Its financial state has never been more flourishing.
The church is steadily reaping harvest of the seed which has been sown,
if your good hope that in years to come there will be "bread
cast upon the waters" - till our churches as there are in many
some account may be suitably supplied in some raised up to plant the
thousands of the poor among our numerous new stations -

we shall thus lengthen our ends and then then our stakes. We may as a church hope for much good from this institution. Our purity & safety are under God intimately connected with it. Let us hope that it will receive, as it deserves, the affection the prayers & a liberal support of all our churches.

The Board give it their duty to state distinctly to the Genl Synod that altho' much has already been done much more is required to be done in order to give this school of the highlands permanent & advanced advantages. More must be done in order to reap the fruit of what has already been done. The necessary effort to establish a professorship which was made by three of our elders in 1822 it is hoped will stimulate the committee appointed in 1823 to pursue the object of their appointment to a successful issue during the present year. If this desirable end can be attained the whole will form a permanent fund will form the basis of another professorship, which one comparatively small effort will complete; & thus the great object at which we have long aimed be realized. Our church will live & increase - Our school of the highlands will live & streams shall flow from it which shall the city of our God.

In the mean time, the Board feel impelled to state to General Synod that hitherto extensive measures are necessary meet instead of to the interest of the professorship & permanent funds together with the interest on the sum already collected for the second Professorship, are far from meeting the professors' salaries. The residue for some time must be sought from other sources. It will also be found that a considerable debt has been incurred for which provision must be made. The Board feel it to be their duty to direct the attention of General Synod to a fact in our fiscal concerns which they deem of great importance. The measures ~~proposed~~ proposed to procure funds for our current expenses since 1822 have been by far less successful than those which preceded them. Would not be advisable to revert to the former system? We submit the suggestion to the wisdom of Genl. Synod.

General Synod will perceive that our confidence and our hopes connected with this institution are undiminished and increasing - We cannot therefore in conclusion (and it is the last on which the present Board will address Genl. Synod on the

subject) but commend our theo. college to your affection to your
wisdom & to your prayers, - to the interested regard & warm support of
the church & the blessing of that God who gives us life and
whose loving kindness is better than life. May all day & more ^{very greatly}
"destroy it not your blessing in it."

James Steer - & Leonard Van Dike

Mr. Clauvelt, a member of the Senior Class in 1821, attached himself to the second class, during the present session - but towards its close, he was licensed by the Presbytery of New Brunswick, under the direction & care of which he had formerly placed himself.

It is pleasing to be able to state, that the conduct of the students, during the period of study which now closes, has been serene, happy & regular; their attention to the duties of the institution has been assiduous & it is hoped their progress in

sacred Science will be found satisfactory to the Board.
 The awful dispensations of Providence which have fallen
 upon the Sem. since the commencement of the present
 session, must doubtless be fresh in the minds of those in-
 terested with its superintendence. Some interruptions of a pecu-
 nary nature were the unavoidable result. Upon the death of
 the venerable Dr. Loring, with the resignation of
 men of the Board thus present & under my own conviction
 directed the Didactic course was continued from the point where
 it was arrested by the death of the Senior Professor. This un-
 expected & lamented event affected in some measure the
 branches of my own department. It was my design to have
 directed the attention of the Senior to Ecclesiastical History
 & that of the Junior to the subjects of a preparatory
 nature.

The Senior Class is prepared to be examined on Didactic
 Theology. Pastoral Theology. Church Government. & Hermeneutica
 Sacra — the Middle on Didactic Theology & Hermeneutica
 Sacra & the third on Pastoral Theology — Hermeneutica Sacra
 & sacred Antiquities — All the classes are also prepared
 for examination on the Greek & Hebrew Scriptures —

During the two past sessions, circumstances it is
 hoped of a benignant operation, have governed me in the
 distribution of the branches of study among the several
 classes, rather than a conviction of what I would have
 thought eligible, had not those circumstances existed.
 Would it not perhaps be expedient for the Board to adopt
 some digested & permanent plan of study, which the
 present state of my preparation enable me to say, I am
 ready to follow. Perhaps it might also afford an in-
 creased stimulus to the members of the college, as well as
 give a higher degree of character to the institution, should
 some judicious & diversified exercises be required from the
 students.

The committee, appointed to draft an annual report had leave to submit the following, for the consideration of the Board, - to wit -

The Board convened in accordance with the resolution of General Synod directing their meetings, in 1836

in the month of September last. Two young gentlemen, to wit, James Stearnson & Leonard Van Dyke offered themselves for admission to the Theological College & having presented the necessary credentials were admitted by the Board.

The Board have also held their usual spring meeting - & on that occasion have had the satisfaction to witness the continued prosperity of our Theol. Seminary. The following students have attended during the last session of the First Class -

Jacob, J. B. Beekman - Geo. H. Fisher - Rich^d. D. Van Kleeck - John G. Tarbell -

Of the Second Class

David Abell Jr. - Ira Condict Boice - Abram D. Dumont - Charles Whitehead - Corb. J. Van Cleeve - John H. Van Wageningen - John G. Garrison - Isaac S. Sabagh - Abram J. Sabagh - Christian L. Paulson - Henry Steermansse - Benjamin Westfall -

Of the Third Class -

James Stevenson - Leonard Van Dyke - Wm Blauvelt; a member of the Junior Class in 1827, attended himself to the second class during the present term & towards its close, was licensed by the Presbytery of N. Brunswick under the care of which he had formerly placed himself.

They have examined the Senior Class in Didactic Theology & Pastoral Theology - Church Government - sacramental Sacra & on Experimental Religion - The middle on Didactic Theology & Hermeneutica Sacra & the Third on Pastoral Theology - Hermeneutica Sacra & Sacred Antiquities -

All the classes, were examined on the original Language of the Scriptures. The Board have been highly gratified with this examination & have been happy to notice the progress which has been made in the several departments of sacred literature, by the

in the Students generally & to learn from the Professoral Report, the commendable attention to study, regularity of attendance in the Sections & the pious demeanour which they have maintained during the Session -

Jacob J. B. Beckman & Geo. H. Fisher - John G. Farbell & Rich. S. Van Kleeck were recommended for professoral certificates in order to license

In consequence of the severe domestic loss which the Senior Professor has been called to feel & the death of our venerable father, Dr. Livingston, who has so long & so successfully promoted the interests of the Redeemer among us - the last Session of the Theol. College has been one of peculiar character & subject to some irregularity & temporary disarrangement. ~~Nevertheless~~ ^{At} this place, however the Board would particularly notice the highly commendable part which Dr. Delwitt has acted. Though severely afflicted in his own family, affected by personal debility & the death of his co-adjutor, prompted by an ardent desire to have the studies of the School kept up as fully as possible, he has in addition to the duties of his own office, regularly instructed & examined the students on Didactic & Polemic Theology.

During the meeting of the Board, the Rev. Dr. Willadoer was invited into his office by the committee appointed for that purpose by General Synod & as by this court the place of Dr. Livingston is supplied by a brother having the full confidence of the Churches, they earnestly pray & confidently believe that as his predecessor, he will be a burning & shining light.

A vacancy having occurred in the Board by the appointment of Dr. Willadoer to the professorate, it will be highly proper for the General Synod to appoint a minister -

ministers from the Classis of New York to supply it.

In closing their report the Board might say much for the encouragement of those, who feel deeply concerned for the prosperity of the Theol. College, but as it would be, a reiteration of the sentiments which they have again & again expressed, they deem it sufficient simply to remark, that they can & do, still more confidently refer the friends of our School to the Theol. College, as "the stay & hope of the Church"

After prayer, The Board adjourned to meet in the same place on the First Tuesday of September at 4 o'clock - P. M.

honorable testimony to the, usefulness and diligence of the students, as
well as to the industry, proficiency, & correct deportment of the students.
And they do this with the more cheerfulness in the short time the Professors

Mr. Leonard Van Dyke of the Senior Class presented to me a paper

his views differ from the acknowledged Standard and Ministry of
our church - A copy of the same marked A. I submitted it to the
Board of Supervisors - It was submitted to the Board of Supervisors
and Mr. L. called upon me on the 5th inst. to request the
privilege that he might examine and remodel it. I gave it him
under the full impression of a loan and that it would certainly
be returned to me. Mr. Van Dyke however has since declined
to return it and has, instead of it, placed a substitute under

young gentleman contemplated leaving New Brunswick without

My views as to certain points in Theology are the following.
1. The eternal generation of the Son of God and the eternal procession
of the Holy Spirit from the Father to the Son which are asserted

Held. Cat. Q. 33 and Condition of Faith. Sept. 10th and 11th

Neither of these doctrines do I deny - yet I cannot say that I am rational conviction I believe either that Jesus Christ is the natural Son of God or that the procession of the Holy Ghost is either eternal or natural. Want of proof rather than opposite proof is the reason why I hesitate to receive them. While therefore I receive Rom. Prov. 8:29. 2. as that both as to existence and Mediatorship, Jesus Christ is eternal - I cannot venture to determine, but would rather be silent on a point - whether the term Son and procession denote a natural or official relation.

2. The doctrine of imputation and substitution I believe.

3. I adopt the distinction of natural and moral inability which is made in many living - as essential to a correct explanation of man's inability to perform his duty. But by it I do not mean that man's nature is not corrupt which is the sense in which Pelagians say that man can perform his duty. Nor do I maintain that man ever does perform his duty without the influence of divine grace - but with Hypocrites I believe in the necessity of that grace as being an invariable antecedent cause of free obedience. Man can obey commands, when disposed to obey - but because of the depravity of his heart, he never is so disposed until the Holy Spirit imparts his grace. I can subscribe on this point the 8th of answer in the Catechism, & the 9th be explained by the 8th.

4. As to the doctrine of the Atonement - I view the gospel offer of salvation on the terms of Repentance of sin and Faith in the Lord Jesus Christ as universal. And since on account of the denunciations of divine justice such an offer could be made to no one without an atonement, so I conceive that that offer cannot be made to every one - on account of the requirements of the same divine justice without an atonement for all. When I use the word Atonement, I mean by it here, the

death of the Lord Jesus Christ. Now I do not say that divine justice is absolutely satisfied by Christ dying for them, so that it ceases to demand punishment from the impenitent and unbelieving, nor do I - indeed in that sense it is not satisfied even with regard to the impenitent and unbelieving elect, so long as they continue so - but I mean to say, that divine justice is so affected (I know not how) by his death in their behalf, that the offer of salvation can be made to them, consistent with it, which had not Christ died for them could not - I wish I could be more explicit - but I cannot - Beyond this your views are not clear - I know not whether I should differ from those who maintain the sufficiency of the atonement. I think the above is the only sense in my view in which the atonement can be actually sufficient, if we would avoid universal salvation. Before I leave this Head I would state, that in particular redemption I never believe - that merely Christ's death, the elect and the elect alone obtain justification, and that if the word atonement itself be understood as including justification - or as inseparably preceding it - in that if any more than the remainder it consistent with god's perfections to save the sinner on his repentance and faith be understood of it - I reject the universality of the atonement - On no other doctrine which separate churches or bodies are giving views different either, nor are acknowledged standards or principles of our church.

Document marked B.

1. As to the Doctrine of the Eternal Generation of the Son and Procession of the Holy Ghost I am undecided. I do not distinguish them, and yet I cannot say that I am fully convinced of their truth. I believe however that the Father and the Son and the Holy Ghost are divine -

and that between the persons designated by these names, there is a distinction - and that it is not merely nominal but real - but what the nature of that distinction is - in other words, in what it consists and whether the term Father, Son & Holy Ghost do or do not point to the persons of that distinction, I do not know.

2. The meeting of our students and divines I believe.

3. I agree with those who distinguish Divinity in general into natural and moral, and believe that of the former to persons in div. - belongs the latter -

I am not settled on the subject of the Exonement - but resist strongly the views of Hopkinson and Calvinistic Divines.

I received from so punctilious the report of the Professor of Didactic and Practical Theology as regards to the case of Mr. Van Dyke & referred to a special Committee consisting of the Rev. Messrs. H. D. Westbrook H. D. Mawchey and P. Labagh -

The following Report was received from the Rev. Professor Dewitt.

to be "The Irreconcilable aspect of the Theological Seminary.

The Division of Theological Literature would referent to the Board of superintending but the more number, regular & irregular in the Theological community of Canada - in this time are four in the United States - three in the United States and seven in the United States -

Mr. Mawchey is a Member of the German Reformed Church and was once elected its pastor from the commencement of the Theological year - Mr. Dewitt is a Member of the Episcopal Reformed Church and entered the University at the commencement of the last Session. He will of course be examined now on these branches of study to which he was directed his attention since he has been here.

as far as is known the country of the American, was in a prosperous state. Mr. A. in consequence of ill health has been compelled to resign, from which during the last session.

In the department of Biblical Literature the Senior Class has acquired the principles of the Heb. Language and read in the Hebrew Scriptures twenty three chapters in the 1st Book of Moses. The Middle and Senior Classes have read twelve chapters in the second book of Moses and the 1st twenty chapters.

The three classes have together read, analyzed and interpreted with care the second Epistle of Paul to the Corinthians and the Epistles to the Galatians, Ephesians and Colossians in the New Testament.

The Senior Class has gone over a course of Hebrew, as well as Geography, or Biblical Antiquities domestic, civil & sacred - on the Canon of the Old & New Testaments - and on the state of the text of the Old Testament -

The general principles of interpretation have also been exhibited and applied.

The duration of the Senior Class during the second half year of the theological year might be advantageously directed to the principles of sermoneering as a part of the Theological or some other subject which the Board might think proper to suggest. They ought to have at least two lectures a year - which the Faculty of Biblical Literature in consequence of his engagement in the Literary College will not be able to give them.

All which is respectfully submitted.

The following Report was received from the Rev. Professor Cannon.

The undersigned begs leave to report to the Board of Trustees.

1. That after my removal to the Institution he was obliged necessarily to attend to the instruction of the Senior Class in the various departments in Metaphysics and to prepare them for the public examination in June 1820 - With this duty devolving upon him almost early period of his connection with the College, he could do no more in the Theological Department for the few weeks that remained of the

posed to deliver a course of Lectures on Church Government - to pro-
secute in detail - Sacred History, with a special view to teach the
sound doctrine of religion each reveals - to exhibit the doctrine
of the Sacraments in general - and especially to instruct the Class
in relation to that dispensation usually denominated the Christian

3 That during the second term of the College year the Lectures on
Church Government were continued - a course of Scripture and Pas-
chal Theology was commenced - ancient Sacramentalism was pre-
sented down to the Christian Covenant - Texts were assigned to
the study of the History of the Christian Church - introduced -

Van Dyke and have reached with pleasure that the deportment of the young man has been throughout very fine. His course respectful and exemplary. That the young man induced himself to see the Committee with decorum, with confidence & with affection; that although upon the explanation of the standards of our curriculum in the Committee on the subject of our doubts, he may in some measure relieved so far as to be able to reach your expressing in my written statement, yet it remained in doubt as to the ultimate outcome of the case and of the ethical position of the applicant and was not sufficiently explicit in the statement; that he wished to be admitted to his examination with my class and submit to the investigation and decision of the Board of Administration -

"that a general review of former studies be required at the close
of each year" be considered as ^{implying} ~~meaning~~ a general examination
on such studies.

The Committee on the subject of a change in the course of
study in the Seminary reported, and their report was adopted
and is as follows:

The Committee on the change in the course of
study in the Theological College submit the following report -

That from the reports of the Professors of Biblical Literature
and Ecclesiastical History it appears that the students of the
Junior Class have not a sufficiency of study to occupy their
time by the course which was assigned to them in the order which

has been prescribed - Your Committee would therefore recommend the adoption of the following resolution:

Resolved that it be recommended to General Synod to alter the course of study of the first year or Junior Class so as to add to the first year Sacred History of the Old Testament and so much of Pastoral Theology as relating to the composition and delivery of Sermons - and that the Professors adopt the same as a part of the course until they shall receive the direction of General Synod on the subject.

Cor: C. C. C. Chairman -

Resolved that General Court be reconvened to adjourn the time of the Annual Examination of the Theological College, on the 2^d Wednesday in April to the Tuesday immediately preceding the Commencement in Trinity College.

Whereas our Theological College is now in a state of suspension, according to the original plan, by the appointment of three Professors, therefore Resolved that General Court be requested to organize a Theological Faculty for the Government of the Theological College; and that until the pleasure of General Court be expressed on the point, the Professors be requested to organize themselves provisionally as such Faculty; of which the Professor of Didactic & Polemic Theology shall for the time being be the Chairman -

the social mission -

asked whether he has any remarks on explanation to make on the paper
which contains his views and difficulties on certain points of doctrine as
submitted by the Wisconsin Winter Council and whether he is prepared to
subscribe ex animo the standards of the Church.

Mr Van Dyke appeared before the Board and stated that the last paper
handed in by him to Dr. Mitchell expressed fulling views. The Xth
and XIth articles of the Confession of Faith the XIIIth Lord's Supper of
the Wisconsin Catechism and the VIIIth article of the second Head
of Doctrine were read to him and the question was asked whether
he could subscribe those articles of faith to which he answered that
he could not receive the words of the Xth and XIth articles of the
Confession of Faith and the XIIIth Lord's Supper of the Catechism - but
that he could subscribe the VIIIth article of the second Head of
Doctrine. - He moreover stated that the nature of man was only
weak and that he applied the corruption of human nature to the un-
derstanding and affections as well as to the will.

Resolved that the examination of Messrs John McKelvey, James
Stephenson and Edwin Stohung be sustained and that they be
recommended to the Professors, in properial certificates.

remaining session of the Board - which was granted.

Resolved that the Rev. Messrs L. E. Van Hook, C. C. Chandler
and B. C. Taylor be a Committee to draw up a minute on the case
of Mr L. B. Van Dyke.

The Committee reported the following resolutions which were adopted.
The spirit of
1. Whereas Mr L. B. Van Dyke labors on several important doctrines, so
that we cannot but cite to the entire standard of the Church, therefore
Resolved that he cannot be recommended by this Board to the

Pres. in his capacity - But

2. Thereby he has given a high degree of satisfaction to the Board by his prize worthy essays presented on the topics on which his mind is not settled and the attention paid to his studies; and whereas it is regarded as exceedingly desirable that he was should be opened for his admission into the ministry of our church, therefore,
Resolved that he be advised to continue in the institution and pay a particular attention to the subjects alluded to.
3. Resolved that should Mr. Van Dyke's mind become settled on said subject and he desire to be heard, advise that in that case the President of the Board is authorized to call a special meeting for the purpose of attending to his case.

Resolved that the Rev. Messrs. S. S. Van Vranken, J. A. Ziskie, J. Brodhead, Amos M. J. Mantelizing and T. M. C. Hens be a Committee to act with the Professors in the examination of students.

Resolved that the Professors be requested to notify the Committee whenever application for admission are made.

The Committee were asked to prepare the report - to which a nod was made the same which was considered at some length, when the Board adjourned until 3 o'clock.

3. O'clock P. M.

The Board met, and proceeded in the consideration of the Report to General Synod, which was adopted and is as follows:

The Committee appointed to prepare the Report of this Board to the General Synod respectfully report the following - viz.

To the Rev. General Synod the Board of Superintendents present the following Report -

In pursuance to the resolution of General Court the Board met
in the City of New Brunswick on the 11th day of July 1827.

Reports were received from each of the Professors. The reports
represented the following young gentlemen as Members of the ^{Theological} School.

Senior Class	Middle Class	Junior Class
John M ^{rs} Kelly	Robert P. ...	Isaac L. Cole
James Stephens	James C. Duane	James Demarest
Edwin Holmes	Henry Raymond	Henry Mauderville
Edward B. Van der ...		James Talmage
		Corning Van Dyke
		Charles P. Wack
		James Berridge

Mr. Wack is a Member of the German Reformed Church and
has been engaged in study from the commencement of the theological
year. Mr. Berridge is a member of the Dutch Reformed Church
and having entered in the autumn of the year was only examined
on such studies as he had attended to.

The several Classes were then examined on their successive days
on the subjects of their respective studies during the year - viz. The
first Class on Didactic and Polemic and Pastoral Theology,
Church Government Ecclesiastical History, the sacred Languages,
Biblical Criticism experimental religion and their duty in relation
into the Gospel Ministry. Mr. Holmes according to the terms of the
dispensation granted him was also examined on certain studies
of the first year. They also exhibited public exercises in the evening
of the first day of the examination and proceeding in the composition
of sermons. The second Class was examined on Didactic Theology
Hebrew and Greek Languages, Sacred Geography, Biblical Interpretation
and Fundamental principles of interpretation. The third Class was exami-
ned on the sacred Languages, Biblical authorities, Sacred Geography
and the canon of Scripture.

The examination of Messrs M^{rs} Kelly Stephens and Holmes members
of the first Class was continued and they were recommended a disputation

certificates. The Board were much gratified with the whole examination. A great amount of labour has been performed in the 'Professing' and a very creditable proficiency has been made by the several classes in the respective branches of instruction - their attention was well called. A general aspect of the school is highly encouraging.

The Board remembering the numerous visitations which excited their grief at this late meeting, cannot fail to coincide with no man more than of gratitude, that God has seen fit to send the desirous to enter the ranks of teaching in this - during the year. Unfortunate visits and interruptions have been made the course of the year except in the case of Mr. Lee who in consequence of ill health has been compelled to remain in the country. The last session.

Samuel B. Van Dyke a member of the Union High School exhibited some signs of insanity in presenting to the trustees of the said school in our Standard, an article was sent submitted by a special committee and a minority in the Union Board. Thereupon the following resolutions were adopted - viz.

1. Whereas Mr. S. B. Van Dyke labours in several important respects so that he cannot subscribe to the entire Standard of the Church, therefore Resolved that he cannot be recommended in this Board to the Professing in this certificate. But
2. Whereas he has given a high degree of satisfaction to the Board by the private worthy candour manifested in the topics on which his mind is not settled and the attention paid to his inquiries and a necessity if requested as exceeding a necessity that the way should be opened for his admission into the number of our church, therefore Resolved that he be advised to continue in the Profession and pay particular attention to the subjects alluded to.
3. Resolved that should Mr. Van Dyke's mind become settled on said subjects and he refuse to be heard again, that in that case the President of the Board be authorised to call a special meeting for the purpose of attending to this case.

As it appeared from the Report of the Professing, & the Board of Trustees

and Ecclesiastical History & that the students of the Junior class have not a sufficient quantity of study to occupy their time in the course prescribed to them, in the year which has been prescribed, therefore resolved that it be recommended to General Synod to alter the course of study of the first year in Junior class so as to add to the first year the history of the Old Testament and so much of Patrology & Theology as relates to the composition and delivery of sermons.

Resolved that General Synod be requested to alter the time of the annual examination of the Theological college from the second Wednesday in May to the Session immediately preceding the commencement in Rutgers College.

There is already on the minutes of General Synod of June 1827 that Mr. D. G. Woodward was recommended as a member of this body and a dissertation was read to him for the former part of the current year and whereas it appears from a conference with the President that he has never been a member of the Theological school, but has attended merely as an auditor, and has withdrawn himself from any attendance at recitations, therefore resolved that he cannot be considered as entitled to the dissertation of General Synod until their further order shall be had in the premises.

There is on Theological College is now duly organized according to the request of the appointment of three Professors, therefore resolved that General Synod be requested to request the Theological Faculty to the government of the Theological College.

all which was respectfully submitted.

J. M. Wickoff Chairman.

Resolved that in case Mr. Van Dyke shall be recommended to the Presbytery or a Synodical Conference before the next meeting of General Synod the paragraph in the report concerning him be stricken out.

Resolved that the resolution, passed this morning concerning a Theological Faculty be reconsidered.

A motion was made to strike out the last clause of the resolution. The question being taken on this motion it was decided in the negative. Whereupon it was resolved, that the resolution is adopted.

Whereas the Rev. Messrs C. C. Cuyler and Paul Weidmann have left this Board before its adjournment without leave, therefore this Board express and they receive no excuse their recent disapprobation of such conduct.

Resolved that the cause of the Rev. Mr. L. L. Laskie, not returning at 9 o'clock this morning ^{according to his promise} be enquired into at the next stated meeting of the Board.

The Minutes were read and approved.

Resolved that the Board adjourn tomorrow on the second Wednesday of July 1828 until 9 o'clock A.M. could attend the ^{examination} of the annual ~~commencement~~ ^{examination} of the students immediately preceding the Commencement in Rutgers College, in which case the Board will meet on that day.

Concluded with prayer.

Van Dyke has not only not declared himself ready to subscribe said article, but has offered himself to a Presbyter of the Presbyterian Church and has been by them received as a Licentiate - Then he we the subscribers request you to call a meeting of the said Board to convene in the City of New York if this is admissible or if not in a few months at such time as you may judge proper immediately after the expiration of the time in which notice of this kind must be given - to be into consideration the case of the said J. W. C. Brownlee.

The Minutes of the Board in the case of H. B. Van Dyke which were in a few months were read.

The Committee likewise was referred the case of Mr.

the following resolution:

Resolved that the student Mr. Simon B. Van Dyke
is still considered by this Board as under their supervision
and that unless he have given satisfactory evidence
that he has improved himself in his studies or that
he has remained in the Theological Seminary until his
studies should be finally settled and made correct on those
different points on which he was deficient.

Resolved that Mr. Van Dyke having without a reg-
ular dismission or recommendation and contrary to the
advice and instructions of this Board presented himself
before the Presbytery of Columbia and having taken
oath to preach has acted in a manner directly
incongruous.

Resolved that the Presbytery of Columbia in receiving
Mr. Van Dyke without any certificate of dismission or
recommendation, from the superintendent of the Theological
Seminary of the N. E. Church has violated the 2^d &
5th articles of correspondence between the N. E. Church

Mr. Van Dyke to be allowed to officiate in any of our churches.

Garrabant Van Rippe a student of the Junior Class was
during the last year taken away by death.

The undersigned, in his report, that since the last exami-
nation by this Board he has carried the two upper classes with care
through the whole system of divine truth, and is happy to have it
in his power to bear honorable testimony to the general good conduct
diligence & proficiency of the students.

The Theological Professors have agreed to request, in the
Board, an official statement of all rules & regulations passed
by it for the better government of the Institution.

All which is respectfully submitted.

College N. Brunswick

July 17th 1828.

The following Report from the Rev. Professor Lee White was
received.

The Professor of Biblical Literature beg. leave to report to
the Board of the Theological Seminary that the number of Theol.
Students in the Seminary is twenty -

Garrabant Van Rippe was admitted but he has been removed by
death.

John I. Clark was admitted but was induced by the Professor
to withdraw on account of gross & persevering neglect of the Theological
Lectures.

The health of the students during a few of the last months in the year is
 suffered. Mr. Talbot has been prevented from attending to the read-
 ing of Hebrew during the whole year on account of diseased eyes.
 Mr. Sumner has been interrupted in the course of his duties
 a short time by some sickness. Mr. Kiersey's
 health has been such as to compel him to retire from the Sem-
 inary several months. Mr. Kip's health has failed towards
 the close of the present session: and it is doubtful whether he will
 be sufficient to give to submit to an examination. Mr. Marschall
 has attended the meeting since the last term.

The moral & religious state of the Seminary is a happy one.
 The students are marked by a spirit of piety and love.

The following branches have been the subjects of instruction during
 the past year. The Junior Class have read ~~xxx~~ Chapters of
 Hebrew in Genesis and a small portion in Exodus. They have been
 initiated into the Criticism of the Old Testament, the Canon-
 ical authority, the Old Testament and Sacred Archae-
 ology including Geography. The Senior & Middle Classes have
 been instructed in the Principles of Interpretation and they have
 read through one Chapter of the Prophecies of Isaiah in Hebrew,
 and the whole of the same have examined with critical care
 the Epistle of Paul to the Romans and a considerable portion of
 his Epistles to the Corinthians in Greek. The Senior have been
 exercised during the first session in the Analysis of the Pentateuch
 but as this portion of their course has now been revised it is not
 studied with a view to it being taken up in the examination.
 The closing remark just made also applies to some portion of
 Campbell's Dissertation which have been the subjects of discussion in
 the two upper Classes. A thorough examination of these dissertations
 is designed as the main business of the two upper Classes during the
 coming year.

Mr. Morris recently received into the Seminary is prepared to be examined
only on the original Scriptures -

The Professor would respectfully remind the Board, & Superintendents
of one of the conditions in the covenant - between the Gen. Synod & the Board
of Trustees of Rutgers College - viz
"The Professor of Languages in the Literary Department shall attend
to the instruction of the students in the Theological College in the gram-
matical knowledge of the Hebrew & Greek Languages" (Min. G.S. p. 22)
This article has not been complied with in our school - the Literary
Professor on account of his ignorance of the Hebrew & Greek.
The consequence has been that the Biblical Professor during his
year has been compelled to attend to this branch of instruction in
which it was contemplated that he should be relieved. This has
proved a severe burden - it is but among other things, one of the
perpetually increasing and multiplying duties connected with the
Literary Faculty in the discipline of the College. And the effect of
diminishing the amount of the more important course in both
institutions. Let it be respectfully suggested that this service can
not any longer be performed by the Biblical Professor. Might
not one of the more advanced Theolog. Students be secured to
instruct the Junior Class during the first two sessions in the
grammatical knowledge of Hebrew. Should one thus employed
& receiving aid from the funds of the Institution be engaged,
such aid would be an ample compensation to him, & eq; and
this would fully satisfy the Professor's wishes & want on this subject.
He has done injustice to himself & he fears to his office by his reluc-
tance to trouble the Board with this subject at an ~~early~~ ^{earlier} period. The
pressure is becoming so great that the Board will excuse him
for introducing it at present & he earnestly solicits relief at their hands.
Should the suggestion above made meet the approbation of the Board, the
Professor will with pleasure designate a person well qualified to perform
the requisite duty.

With kindest regards respectfully submitted
W. Brunswick 17th Feb. 1828

John De Witt

The Director of Biblical Literature respectfully requests that the Board of Theological and Historical Studies of the American Bible Society be kept advised of the progress of the work.

of this department has been conducted agreeably to the regulations, in

Institution. With the exception of the Critical Sacra of the N. Testament in Junior Class have passed over the usual ground. Their attention has been engaged in sacred archaeology in all its branches in the department of exegesis - the Canon of Scripture & the Critical Sacra of the Old Testament. The Middle Class have received instruction in the elementary department of interpretation. The Senior & Middle Classes have together examined with critical care the chief writings of the Old Testament relating to the Mosaic & the Hebrew language. In the Junior Class the whole College has been occupied during the last period in examining the two Epistles of Paul to the Corinthians in the original Greek.

The department of diligence of the Ministry as far as I have observed & observed in my own mind as in whole has been commendable. The only exception which a sense of duty compels me to make is in the case of Mr Van Dusen of the Middle Class. His moral department as far as I know has been unexceptionable - his attendance on Lectures & his earnest application to the duties of the Ministry have not been such as to entitle him to praise. Delays in his inquiry on his subjects must be advised.

Which is respectfully submitted -

The Committee to draft the Report to General Synod reported, and this report was amended & adopted & is as follows:

1. The General Synod the Board of Superintending & the Theological College receive respectfully & desire the following Report.

Agreeable to the direction of General Synod the Board met in the College Hall in the city of New Brunswick on the 13th of April 1880.

The Board having been duly organized Reports were received from each of the Professors. The following young gentlemen were received as members of the Theological Seminary - viz.

The Junior Class	Middle Class	Senior Class
James T. Cunningham William C. Hunt Francis M. Kirk John Liddle Alexander M. Munro James S. Macdonald John A. Macgregor John H. Macdonald James Macdonald James Macdonald	John H. Macdonald John H. Macdonald David Macdonald John Macdonald Alexander C. Macdonald	John C. Macdonald Robert C. Macdonald David C. Macdonald John C. Macdonald Donald Macdonald David C. Macdonald John C. Macdonald John C. Macdonald Alexander C. Macdonald John C. Macdonald

The moral & religious character of each of these students has been ascertained by the Professors as examiners. These have all been found to be in general well fitted to their studies, and have made very commendable progress. The Junior Class were examined on the whole course of study which they have pursued in the Theological college, a great deal of time has been spent on the General Synod - and the Middle Class on those branches which they have respectively pursued during the past year. The Senior Class were also examined on General religious know.

their views & testimony during & under the holy ministry. The whole examination was conducted with strictness & care - And the Board are grateful in bearing ample testimony to the satisfaction which it has afforded them. They exhibited all the distinguished abilities - ability & zeal with which each of the different Professors has executed the important duties entrusted to him & at the same time the laudable appearance - of the students - their industry.

In obedience to a resolution of the Board in their last year, the students Mr John Middle, now at an advanced age in his studies in Scotland previous to his being received in this Sem. has attended the recitation of the Senior Class; and having given all a satisfactory evidence of his diligence & competence, the Board do according to his request, recommend him to the General Synod for a dispensation -

The Members of the Senior Class were unanimously recommended for their regular certificate - And the Board on the departure of these young gentlemen, join under the care in this college, do earnestly commend them to the care of the General Synod & the Board of the Church & to the precious grace of his Spirit: - and being the hope, that in due time they will become eminently useful & faithful ministers of the gospel in our Church.

It is with unfeigned gratitude that the Board state that your Theological College, which has grown up under your unwearied & laboring care, continues to prosper - a promising & encouraging aspect. The progress of the most pious & godly has been evidently restored in a degree - and they have been affectionately to hold it up before your venerable body & are all our Church; and solicit very earnestly your continued affectionate regard, & fervent prayers on behalf of this College of sacred doctrine: - that it may be still more & more blessed: that many eminent & pious & useful servants of Christ may be raised up here, who shall glorify the name of Jesus Christ. And thus our duty the lowest is great & the cry from our Missionary stations & destitute churches is urgent & painful. It is only by patronizing this means & by every means to increase the number of its students, that you can send forth ministers at the end of perishing souls.

And here in connection with this the Board ^{would} ~~would~~ be pleased

earnestly to draw the attention of the Society to the urgent wants of the Library
in the religious & scientific, of the American Society of our Church. These are unquestionably
worthy of great importance to the interests of this Seminary. And especially
their need, now to be presented before our Church, by your venerable Society, in
our capacity prompt attention and liberal support -

The Board are resolved to recommend to the Synod to alter the
time for our annual examination of the Stream to the first Tuesday - which
is convenient now. Board offer up their hearty thanks
for a most merciful & gracious Lord, who lay in his love, in goodness,
in wisdom & in all bestowed & remains signal, among a blessing on your
abode, of this property: - May it be blessed Lord to preserve the lives of the
water of his word the blessing: may his divine benediction rest on
each of the praying men there is no one here but with their strong, with a
view to their holy mission & may as from time to time add continually
to their numbers - and may grace, peace & love be with you & remain
the blessing of rest & with the whole church -

All mine is respectfully submitted

The Board of Providence has received the
of the same in an unprecedented manner. of the
Senior Class. The & Young Students has been dis-

in my mind with a view to their engaging as instructors
in the Greenman School. Rutgers College. H. Schenck
has applied to be admitted into the institution
and he will probably recommence his Theological
Studies the next term. Of the Middle Class Messrs
Robins and Swanwick have been deferred from
as they did not wish to be here. Several others. The
Senior course has arrested the course of Messrs. Lusk
and an at Branch of the Senior Class.

In consequence of the winter having
assumed the instruction by the Junior Class in
the new Language for seasons which is clearly
seem to have failed at the time of examina-
tion the progress of that Class has not been so great
as in former years. There have been in the institu-
tion only two Terms, and the remaining books
to be brought. The Junior Class will be brought
before them during the summer term. They have
carefully read twenty chapters of Hebrew in the
book of Genesis; have passed through the greater
part of Sacred History, with additional exer-
cises in Biblical Geography, and have just com-
menced investigating the Canonical & Apocryphal
Sacred Books. The Middle Class have after much
to the principles of interpretation. The Middle and
Senior classes have read twelve chapters of Hebrew
in the book of Exodus and twenty Psalms and
all the classes together have analyzed & read the
First Epistle of Paul to the Corinthians and the
Epistle to the Galatians in the Greek Text. Not only
has our courses have been reviewed by the students
and criticised before the Professors. The students
have conducted a weekly meeting for prayer and
themselves; and their conduct on the whole has
been exemplary and they have generally improved their
with diligence.

liberality, commend an the subject of their personal
experiences in Religion and often as in the
pastimes are observing to enter the sacred shrine
The whole examination was conducted with the
most perfect fidelity, and the Doctor came before
the Synod with the cheerful expression of
increasing confidence in the excellence as well
as soundness of the course of instruction that has
been so wisely established and so successfully
illustrated in our Theological Seminary

After due deliberation the following res-
olutions of the Synod &c. have been proposed
to be inserted in the Professorial Certificate, vizt
John H. Devier, David Cushing, Oscar H. Gregory
and John A. H. H.

The Synod deeply impressed with the
connection between the efficient support of the
Theological and Literary Institutions and the
prosperity of the Ref. Dutch Church have earnestly
recommended to the Professors of our Theologi-
cal School to devote the vacation in visiting
the Churches with the view of promoting an in-
creased excitement in favor of our institutions
at New Brunswick, and of the great interest of
our Church generally

Of the parental regard which the Gen-
eral Synod will ever extend over our School of the
Profits the Board entertain and cherish the
most sanguine expectations. Of the continued
support of the Great Head of the Church they
cannot but be assured by what he has already
done. We cannot but thus far have brought us, have
caused us this strength, to rest on him, to cheer
us at last. They therefore call upon the Syn-
od, and upon themselves to be steadfast immov-
able always abounding in this work of the Lord.

and on several other points. The first point is that the

The whole term of 'study' is most of the year, and is to be 2 years & 10 months instead of 8 years. This concern has to be completed for each class to complete their course of 60 the subjects of them. It is in my department.

The Committee appeared to examine the reports of the Finance & the Trade & Labour Committee by the Board Lt. report on the same 'eg leave to state that the same then for the last meeting'.

2. That Robert & Quin considering his age & the proposed release of his immortal talon we have made to the Gen. Synod for the dispensation solicited by him so far as respects the term of time and not as it respects his command of the Hebrew Language.

3. That the regulation of the price of Books be recommended to the attention of the Committee on to be chosen by the Board of Trustees and another Class of the Board who may confer on this subject, collect such information as may be necessary and adopt such measures as shall in their wisdom be deemed expedient.
4. That for the reasons stated by the Professor the unavoidable lapse of a review of some of the most important for examining Students of Theology from the month of April to the close of the College session of 1832 before the Commencement which was made in the year 1829 - respectfully Submitted
5. That the thinking of Mr. J. Williamson in the term ending be referred to the Committee appointed for the discipline of Students.

The Rev. Mr. P. Labagh and a former Member of the Board was appointed a Committee accordingly to the 3rd article of this report.

The following persons were appointed a Committee to draft a report to be presented to Synod: Mr. Dury, Mr. Miller & some others. Mr. Perry was excused from service on the Committee and Rev. Mr. Jones appointed in his stead. Their report was adopted by a College.

Report of the Board of Superintendents of the Theological Seminary for the year ending April 1832 - 6. precisely to the direction of Synod the Board met in the College Hall New Brunswick on Thursday the 3rd of April

The usual reports were received from Rev. Mr. Miller and others.

From these reports it appears that the following young gentlemen are members of the respective Classes (See preceding page at the top)

The moral and religious disposition of the students is generally very exemplary and their attention diligent and proficiency in very laudable with partial exceptions

The Board decide that the ^{proper} portion of their time to the usual examination. The Middle & Junior Classes were examined on the several branches to which they had attended during the year. The Senior Class were examined on the whole of the studies pursued since they have been in the Institution according to the order of Synod with the exception of the Hebrew & Greek. They were also examined on general religion & their views and motives in respecting to enter the Gospel Ministry as before unanimously recommended by the Synod.

The whole examination was conducted with care and strictness on the Board is satisfied in bearing testimony to the proficiency it has afforded them. It exhibited since the ability & fidelity with which the Directors have executed the important duties entrusted to them and the attention & diligence which have prevailed among the young men.

According to the arrangement between the Synod and the Trustees of the Presbyterian College Prof. W. C. Johnson has instructed the Junior Class in the Hebrew.

The afflictive chastening here at Providence in the removal of the Rev. Professor of Biblical Literature in the decline of life and at the Commencement of the Session had already been noticed by the Synod. The loss of his able services in the discharge of his duties of Biblical Literature has been severely felt. It is the importance which the Synod attach to able instructors in no department. The Board indulge the strong hope that the Synod will be able to remedy the bereavement of their now suffered in this Seminary to the university.

Mr. Robert Finis who has studied in the Middle Class makes an application to the Synod that the Board give a dispensation of one year, that after the study of another year he may be admitted a Candidate. The Board have made it a subject of special enquiry & find it to be an interesting one. The unfortunate man pursued a rational life and is now anxious and purposes to be permitted in divine providence to devote himself to the religious interests of learners. He is attached to the study of the Latin & Greek and some branches of Mathematics, Rhetoric & Natural Philosophy. He came to the Seminary since he had been in the Institution he had shown a disposition to give to study this proficiency had been laudable. He has reached 34 years of age & is well of all the circumstances the Board unanimously agree recommending him for the dispensation desired.

Rev. James J. Conroy has been made elected Clerk of the Board in the place of Rev. Mr. Murray who had resigned.

On referring to the number of Students the Synod will doubtless feel that it is not such as ought to be so be situated in a body of students in the United Church indispensably where such annual Extension is intended to afford to young men every facility necessary to qualify them fully for the Gospel Ministry. The paucity of the number of students cannot but be in this view a subject of deep regret and the Board would refer it to the Synod, one who may well claim their deliberation. Our mission to churches & Synods so not act in relation to the increase of

students with that energy whose desirable. The number of our Abolitionists have recently been
blest with precious and powerful recruits and he believed that in their midst our hopes
on every side, not a few pious, young men the fruits of these revivals, were, he thought themselves
to the justice cause of the Church. And he thought it more desirable that their children of the Church
converts in our own family be then by the hand should forward some other to such benevolence
that the great leading features of our Bazaar be to be sustained and perpetuated. The Board
dug yet whether God cannot be something to remove the present differences of our Churches &
arise a feeling becoming the impetus of the subject.

The Board recommended to the Gen. Synod to alter the time of meeting of the students of theology
from the month of April to the close of the college year as it stood before the change made
in the year 1829.

It is most gratifying to learn from the report of Prof. Nicholson that arrangements are being made at the instigation of Board and co-workers. I wish we remembered that at the last meeting of the Board Prof. Nicholson had a resolution introduced by the request of Boarding House to raise the issue of Board that unhelpful work and official measures were taken to release our work from these limitations. It appears that the number of our "personal contacts" is increasing while the "personal contacts" of the Board are also on the increase. The request that the arrangements for the future be made in a more effective manner is also on the increase. It is hoped that the Board will be able to do so. The Board is present and to accept the hope that it may be improved to a degree in this respect as well as in other points of advantage with other similar institutions.

classes on the various studies pursued during
the year according to the course was held
and by the signatures they are fighting to
show that this examination affords every
satisfactory evidence of the proficiency
of the students of the classes. The members
of the Board in addition to their
theological studies were examined on
practical religion and their views in
desiring to enter the gospel ministry
and their examinations being sustained
they were unanimously recommended to
the Synod as well qualified.

The Board then adjourned to the 10th of
August. The matter of the Board
its Past Office Affairs is entirely

eign missions is growing among our young
men - and we may hope ere long to see a

when it was resolved that the examination on Did-
actic Theology should commence.

The Board met at 2 o'clock -

It was resolved that Professor C. H. Dole examine
the students of the Senior and ell. Dole classes on
Didactic Theology until October when the ex-
amination shall be closed.

The following communication from Professor C. H.
Dole was received, read and referred to the committee
on the annual report to General Synod - except that part
of it which refers to his wishing to form a private class
to study the Hebrew language. A special committee
consisting of the Rev. Messrs. Thomas Demitt D.D. Philip
Dunbar D.D. & John Van Lier - was appointed to
whom the above excepted part of Professor C. H. Dole's
report was referred.

H. Brunswick July 1835

Gentlemen

It gives me pleasure to report that the
progress made by the students during the past year in the
Hebrew department which I superintend is creditable to their industry
and fidelity. Six months ago I could not have made this
statement without some unpleasant qualifications
and exceptions. Indeed, I found such appalling difficulty
in carrying a portion of the Senior class through the rud-
imentary processes which I deem essential in the study of
Hebrew, that I was about giving up the point in despair
when a misunderstanding arose between us in consequence
of their taking up the strange notion that it was my design
to separate them permanently from their class, a design which
was as foreign to my thoughts as that of sending them to Bot-
an Bay. The plan which I had fallen upon was subjecting
them for four or three weeks to a private drill in the grammar
of the language, in which they were most evidently very deficient
after the labours of the former session it would have been a
waste of time to occupy the whole class in this manner. They
would probably have thought it a hardship to be kept back a

Junior and Middle Classes on the Hebrew & the
Greek. The Committee on that part of Professor Mr.
C. L. and's report which refers to his desir-
ing to form a private class to study the
Hebrew language - reported. Their
report was read - adopted - and is as

of allowing a private class in Hebrew

those who wish to obtain ^{to} more critical
knowledge of the language respectably

ment of two classes might perhaps prove
invidious and not operate happily. We
believe it best that only one course, the
public one should be officially recognized,

structions of the Professor ~~the~~ committee

The following young gentlemen, members
of the Senior Class, viz, Jacob Ennis,
Wm Youngblood, John Lillie, and Abraham
Polhemus were individually examined on
their personal piety and on their motives in
desiring to enter the gospel ministry.
It was resolved that the examination of
Messrs Jacob Ennis, John Lillie & Abraham
Polhemus be sustained. That they be
recommended to the Professors for their certifi-
cates.

M^r Wm Youngblood, a member of the Senior
Class, being absent on account of ill health,
was not examined by the Professors, but
from the favorable report which they made
respecting his attention to and proficiency in
his studies - it was resolved that he be recom-
mended to the Professors for their certificates.
M^r Oliver Doty, a member of the Middle Class
was examined on his personal piety and his
motives in reference to his desiring
the office of the ministry of reconciliation
and in consequence of the resolution of the
General Synod at its last session - it was re-
solved that he be recommended to the Professors
for their certificates.

The Rev. Dr. Dewitt delivered according to appointment at the last meeting of the B^y and an address to the Students of Theology and the Rev. Mr. Durvea followed the address by prayer.

The Committee appointed to prepare the annual report presented the following - which was read and adopted.

Annual Report of the Board of Superintendents of the Theological College at New Brunswick N. J. to the General Synod of the Reformed Dutch Church for the year ending July 1835.

The Board convened on the 9th of July 1835 in accordance with a resolution of the General Synod, directing their meetings -

It is peculiarly gratifying to the Board, and they take great satisfaction in reporting that our Theological Seminary continued to move on in its usual prosperity. The smiles of a gracious Providence have rested upon its operations through another year - and the prescribed course of instruction has been regularly, diligently and successfully pursued. Through divine goodness, in a recent calamity which has visited the city of New Brunswick and resulted in the destruction of much property, and some lives, the property of the church has been kindly preserved, and our Professors and Students have all escaped unhurt, although some of them were in immediate danger. This signal manifestation of the Divine mercy does indeed excite a peculiar expression of gratitude.

The Board are satisfied, judging from the manner in which the young men have acquitted themselves at the examination, that the Professors in their several departments have been faithful in the discharge of the duties entrusted to them - and from the report

of the Professors the Students have conducted
in a manner becoming their christian profession
and the high prospects which are before them.
The whole number of Students who have attend-
ed during the year past is twenty five. of
these five have belonged to the Senior Class
eight to the Middle, and twelve to the
Junior. The following is a list of their names.

of the Senior Class - Abraham Pothemus.
Jacob Ennis -
Wm Youngblood.
John Lillie -
Lewis H. Tyril.

of the Middle Class - Peter Litch.
William Trelling -
Elihu D. -
H. S. Whiting -
James De La. -
Daniel Blackwell -
Alexander D. -
John C. Litcher -

of the Junior Class - William J. Pohlman -
John H. Litcher -
John P. Knorr -
John J. Demarest -
John H. Dwyer -
Harrison Deermange -
John C. Crookshank -
William Dearest -
Peter Allen -
Ebenzer Wiggins -
Robert Clark -
William R. Gordon -

of these - Lewis H. Tyril & James De La.
Berne, have been dismissed at their own
request - the latter on account of serious
indisposition and the migration of his
parents to one of our sister states -

The Board are pleased to learn that
an ardent missionary spirit has begun to
operate with the young men of our Seminary.
The visits of our worthy brother David Abel

and others, have been feeling with our young
 brethren, in behalf of the benighted and perishing
 heathen. Three young men expect to
 accompany Mr. Abel on his return to China
 next spring and others it is probable will
 enter upon the same labours, provided Provi-
 dence shall open the way for them. The
 fact, as a harbinger of better things to the
 inhabitants, who have long been in dark-
 ness and in the region and shadow of death
 must be a rich source of gratification
 to the Synod and to all the pious of the Church.
 We have reason to bless God, that our Zion
 and especially our Theological institution
 is working up to duty, in this grand era
 of the Church and the world, when benevo-
 lent hearts are beginning to swell and
 seeming to aim at a degree of expansive-
 ness commensurate with their Christian
 obligations. We doubt not if this spirit
 is fostered in this seat of science it will
 move not only an immeasurable blessing
 abroad, but also at home. The Church
 will feel the benefit in calling forth an
 enlarged benevolence. It will have such
 power to control and advance the vital
 interests of the Church at home, as the
 devoted missionaries even when thousands
 of miles distant. Men of towering
 genius and splendid attainments in the
 Church may indeed do much to regulate
 her affairs, both temporal and spiritual
 and guide with discretion all her councils
 and give a character to her movements
 at home; but none of those who never step
 beyond the bounds of Christendom have
 the power like the self denying mis-
 sionary, to awaken and sustain the best of

Christians even that enlarged benevolence
which included within its kind embrace
the dying and the lost of the whole world.
Believing as we do this to be an in-
calculable benefit we would rejoice to see our
Theological Seminary evince more of a
magnanimous spirit - so that while the blessing
of the Heavens who are ready to perish shall
come upon you - the guardians of the interest
of the Church, and upon the missionaries, the
instruments in the hand of God, in the conversion
of the Heavens, our Zion shall rise in moral
beauty, such as Angels shall delight to con-
-template -.

The Board would respectfully suggest to the
General Synod the propriety of taking into
their consideration the fact that so few
of the members of the Board usually at-
-tend its meetings - inquire into the cause
of this delinquency, and do what in their
wisdom will be most likely to remedy
the same. inasmuch as it appears to the
Board exceedingly desirable to have a
more general attendance of its members.

Three young gentlemen of the Senior Class
viz. A. Polhemus, Jacob Ennis & John Lillie
were examined on Doctrines of Polhemus, Theology,
Ecclesiastical History, Pastoral Theology,
Church Government and Biblical Criticism
together with practical piety and the views for
entering the ministry - and were recommended
for Professoral certificates. A young man
of the same class being unable to attend the
examination in consequence of indisposition
was not examined, but from his well known
standing, as a member of this institution
and the report of all the Professors bearing
testimony to his faithfulness and attainments

and uniform christian deportment, recommen-
ded him also for professoral certificate.
The Junior and Middle Classes were also
satisfied.

295

The Professors communicated with the Board
in relation to the case of Mr. Higgins, a mem-
ber of the Junior Class, whose case was pre-
sented to the Synod. The diligence and attain-
ments of Mr. H. were well spoken of by
the whole Board, and the Board also learned
in addition to the facts presented to the
Synod, that Mr. H. had directed his attention
to the subject of geology for more than six
months previous to his entering our Seminary
at the Seminary in Belfast - Ireland.
The Board unanimously considered the
case of Mr. H. as presenting a strong claim
for the indulgence he asked of Synod, and would
again respectfully present it to Synod for con-
sideration and such action as their wisdom
may direct.

In the conclusion of this report we are happy
to state to the General Synod, that our
confidence and hopes connected with this in-
stitution continue undiminished and commend
it to your affection, your wisdom & prayers.

Respectfully
submitted.

Resolved that the Professors of the Theological
Seminary be, and they are hereby informed that

The Board of Superintendents have organized, and are ready
to receive their reports, and attend to the examination of the
students. A Rev. James E. Duane was appointed a com-
mittee to communicate to the Synod from the above resolution.

The Rev. Mr. Duane reported that he had attended
to the duty of his appointment, and presented the following
reports from the Synod.

To the Rev. Board of Superintendents of the
Theological College the undersigned reports that
the number of students now in the institution is 23.
Of the Senior class Peter J. Quick, William Reily,
Alexander C. Holliman, Daniel C. Michael, Hart E. Waring,
and John A. L. Sturges. — In the Middle class,
William Demarest, John F. Allen, William J. Pohlman,
John C. Brinkshank, John A. Demarest, Ebenezer
Wiggins, Orin H. Mellestee, William A. Gordon, Peter
Allen, Harrison McCormack, John A. Dwyer, and Robert
C. Clark. — Of the Junior class John A. Hudson,
Cornelius Wyckoff, Orlando Harriman, Whipple B. Brett,
and Cornelius S. Van Santvoord. Robert C. Clark.

In consequence of the indisposition has been absent one whole
session, and has not regularly received with his class in the
Latin room since his return. — William A. Gordon has
also been prevented by severe indisposition from attending as
regularly as he otherwise would have done. — Ebenezer
Wiggins, who has been two years in the Seminary, has lately at
the request of a committee of the Board of Trustees of the College
has taken charge p. t. of the grammar school. — Edward
Reed, who had entered, and had passed through two
terms of the Junior year, was fired from the Seminary at the com-
mencement of the last session. Mr Reed has joined the Episcopal

seminary at New York, and Ell Van Antwerp, we learn, is en-
gaged in teaching school, and in privately prosecuting theological
studies — The consequence of a general rise in the price of
necessaries of life throughout the country, the price of board in
been enhanced, and with the pecuniary embarrassment of our stu-
dents in his absence some time, and many are deterred from
entering into our doors — The institution during
the year past has been blessed with health, excepting a few
visited the land of such, and missionary zeal has been ex-
cited, christian harmony maintained, and the general de-
velopment of the young men has been such as becomes sons of
the prophets, and servants of Christ. With which I respectfully submit.

Professor Cannon's Report.

Anger College July 14. 1836

The undersigned begs leave to report to the Board of
Superintendents 1 That during the year past he has
instructed the students in the studies assigned
to his department, — That the students in his room have
been attentive to recitations, and other exercises, and
exhibited evidence of proficiency in the knowledge of
divine truth, and of history. — 2. That so far as is known
to the undersigned, all the young men in the school
of the church have sustained a pious character, and dis-
covered those graces of the Spirit in their habits of life,
which afford hope of much future usefulness.

Respectfully submitted

It gives me pleasure to report, that the students have attended to the studies of my department with industry, and not without success. And no attainment has been made on the road along which I am the guide. There is not ignorance with honors of considerable amount of proficiency must be performed, especially at the outset, and for which the majority of young men are imperfectly prepared in consequence of the early habit of studying languages acquired in our preparatory institutions. The greater part of the deficiency in the first instance of Greek Grammar (in the second, when they come to it they cover in a single letter). Under these circumstances, the task imposed upon them is very far from easy. Indeed there are some in every class, from whom it would be vain to expect more than nominal attainments, their deficiencies being altogether beyond the remedy in the short period then remaining within. I have therefore during the present year made trial of the scheme, which I suggested at your last meeting, and which you were pleased to approve. Besides giving a public course of instruction in the original languages, fully equal, I presume to that in other seminaries, I have formed a private class for the benefit of those who are ambitious of making higher attainments than it would be proper to exact from all. The plan succeeds well. Half of the Junior Class embraced the opportunity with eagerness, and have gone through all the preliminary labor, which I require in this course, not only without a murmur, but with pleasure, and alacrity. Indeed so manifest are the advantages of the method to the young men themselves that they are desirous of having it carried out further, and in accordance with the earnest wishes of a number, I am commencing

Grack
a private course of biblical exhortation, and the Septuagint
it is proper to state that Mr. Brett of the summer session
not pursued the study of Hebrew in consequence of forming
the summary a more useful knowledge in view as was
inadvisable, but as his report in 1832, which not only for
my duty to state that the student can not but suffer from
it during his whole course, and that of the middle class
has not been required in his attendance in consequence of ill
health. He states however that he intends at the commence-
ment of the next session to work himself with the class, in
which case he will have the opportunity to make good
his deficiencies.

To the Board of Superintendants

New Brunswick July 15: 1836

Reverend Gentlemen

I have now completed my Junior year. It is
my request that I may be permitted to enter the Theological
Seminary in September next, as to my literary attainments I refer to
the Professor. My reasons for making the request are the following 1. The
soundness of my health. 2 My age being 20. 3. A want of pecuniary means. One
of the objects of the Seminary is to educate the poor, and consistent with the
efforts of the Church I hope it will be granted.

Yours respectfully, Robert Van Amburgh

3 o'clock P.M. The board convened when the Rev. Dr. Cannon
examined upon, and concluded the examination of the Middle Class
in Pastoral Theology, and of the Senior Class in ecclesiastical history, and
Practical Theology. When the board adjourned to meet to-morrow morning
at eight o'clock.

Thursday 3 o'clock P.M. The board met according to
appointment, when the Rev. Dr. Cannon examined the Senior Class
on the subject of Church Government, the Middle Class in ecclesiastical
history, and the Junior Class in Jewish Antiquities. — The board
then examined the Senior Class on experimental Religion, and their
views on wishing to enter the gospel ministry, after which the following
resolution was adopted. Resolved that the examination of all the classes
be sustained, and that the young gentlemen of the Senior Class viz. Messrs
Peter Quirk, William Rigg, Alexander C. Ackerman, James Michael,
Hart E. Waring, and John M. Scribner and Henry are recommended
to the Professor for a Professorial certificate with a view to licensure to preach
the gospel. The young men in the Theological seminary were then called in,
and addressed by the Rev. James M. May in the name of the board.

The committee to whom was referred the Application of Robert Van Amburgh & made the following Report, which was adopted viz

The committee appointed to examine the Application of Mr. Van Amburgh for admission into the Theological Seminary before having finished his Senior Year in the Literary Institution, would beg leave respectfully to report that they can discover nothing in the Person of Applicant by Mr. Van Amburgh in making the application which seem to render it either desirable or necessary that his Request should be granted. He has been engaged in study not less than four years, and although his attainments are remarkable as highly respectable, yet another year study cannot but be highly beneficial, and must have a tendency to qualify him better for the prosecution of his Theological Course. His age is only twenty six, and ought not in the opinion of your committee to be regarded as an objection to his longer attendance in College. His want of resources may be supplied by a timely application to the proper source, and as to his health your committee cannot perceive in what way it would be essentially benefited by a simple transfer from the Literary to the Theological Institution. But this is not all that suggests itself as an objection to the granting of the Application. We believe that if it should be granted it would be doing an injury to the Applicant himself by depriving him of advantages which he might otherwise enjoy and to the students of Zion generally by lowering the standard of preparatory qualifications, and by opening the door for the admission of others whose claims may perhaps be far less meritorious than those of the present Applicant. In view of this your Committee would offer the following Resolution & Resolved that Mr. Van Amburgh be affectionately advised to withdraw his Application for Admission into the Theological Seminary until the close of his Senior year in the Literary Institution.

Attest & Announce

Resolved that the Rev James Purdy be appointed to preach the next annual sermon before the Board, and that the Rev James B. Hordensbeck be his Secundus

strictly to the rules in force for the reception of students into
the Theological Seminary.

The committee appointed to prepare the annual report
of the Board to the General Synod presented their report, which having
been amended was adopted, and is as follows.

The Board of Superintendents of the Theological
Seminary at New Brunswick respectfully report that the members
of the Board of Superintendents appointed by the last General
Synod convened at New Brunswick July 14, 1836. After having
organized, they received the communications of the Professors of
Theology, and heard the examination of the students in the sev-
eral branches usually taught in the institution. We heard feel
much gratified with the reports of the Professors res-
pecting the piety, correct deportment, and diligence of
the students as well as the exhibition of their attainments in
learning, and correct theological instruction, in every respect
highly honourable to the young Gentlemen, and the sure evidence
of the ability, industry, and aptness to teach of the Professors, who are
inducted with the important office of training up young men with the neces-
sary furniture of able ministers of the New Testament.

When Board found in the Seminary the following young men
members of the three classes. Senior Class Alexander C. Hillman, Peter

 Mr. William S. Moore a member of the University of New York
 appeared before the board, and presented a testimonial from the Pres-
 by. Synod as to his church membership, and character, and standing, and
 also a certificate of literary attainments, and abilities from the Faculty of the
 University of New York. In these, and in view of his B. A. from Union College,
 he was admitted by the board to enter the Theological Seminary
 at the commencement of the fall session.

The Board cannot but be aware of the great want of our churches, and the Maintenance of both at home and abroad, so few young men are found to devote their lives to the great, important, and benevolent work of the Ministry. Whether the cause of this defect may, or may not be referred to the growing scarcity of students, and the facility to which so fatal a habit is getting, and so unbecoming to the cause of the Redeemer, or to the difficulties attending the Ministry in different ways, or the number of similar institutions, or the limits of our churches in a denomination, the Board refuse to say that they exercise undiminished competence in the Theological faculty, where time, talents, and talents are devoted to their important studies with a highly commendable degree. And although their studies in connection with the literary institution are certainly arduous, and a heavy demand on them, still the Board is not aware that any real loss is sustained, or injury done to the Theological Students. Yet such is the arduous nature of their duties, and the importance of the instruction of the Theological Students, that it might be an advantage to relieve the Theological faculty as soon as circumstances will admit from the onerous duties which they now discharge in the literary department with so much labor to themselves, and advantage to their pupils. Is it asked, why have we not a greater number of young men in our institutions? The high price of the means of living may be assigned as an important reason, and, probably

The only remedy for this inconvenience is some expressed plan of
common, or boundary houses under the control of the trustees of the ³⁰⁷ lay
college or the college ground. It is hoped also that the Com-
pliance of the Ministers of our Church with the direction of General
Signed to preach two, or three times a year to their people, and to
use all proper means of sustaining and bringing forward young men to the
work of the ministry will exert a salutary influence on our people, and young
men. The missionary spirit is still producing an important in-
fluence on our young men, and although we have so many vacant
churches, yet such is the vast influence of the Gospel to the heathen, the
world that the least repose in this interesting state of things. The health
of the faculty and students, with some little exception has been good, and the
death has not removed any.

In the communication of Professor
McCallan, he speaks of a plan of instruction by dividing his class into public,
and private. The Board has the Professor's declaration that the plan op-
erates well but now such a division may be calculated to produce
good scholarship, and harmony, or dissipation among the young men, the
Board are not in wisdom or lack to form a judgment, or take a special order.

The Board has been better attended than usual, which is partly
a circumstance of great importance to the institution, and probably a result
to the resolution of General Signed directing the expense of the attending
members to be paid. The Board would respectfully suggest to General
Signed the necessity of providing desirable places to pay regularly the ex-
penses of attending members. The Board feel persuaded of the vast
importance of securing the full and undivided support of General Signed to these
institutions which have been the means of so much good, and so precious fam-
ily. Sending forth streams making glad the city & our God; institutions founded
by the Father of the Church, blessed with their prayers, and left to us as an
inheritance, and we are bound by every tie of duty to receive, and transmit
to the children of the Church. It is the necessity of the Word of God at this
time, the scarcity of young men prepared for the ministry, and the difficulty
of finding men to supply our vacant churches may be and probably is owing
to that worldly spirit prevailing in the Churches, which has caused the loss

New Brunswick N.J. July 16 1876

Dear Brethren When I entered the Seminary I was indebted
to the means of self-support. From the funds of the Church I had
received twenty dollars. This sum was insufficient for my support I was
therefore compelled to relinquish my studies or turn into debt. I chose the
latter. I now am in debt about one hundred dollars. I wish to settle this
amount for about a year. In my desire to do this, the person who
has kindly given me credit where I leave this city, has enabled me
to do this. I hope the board of Superintendents will be kind enough
to be the treasurer of Rutgers College and me one hundred dollars for
the year

We the undersigned recommend the case of Mr. Mathew to the special attention of the Board. If some efficient Motory relief can be devised in his favor, it appears to us to be very desirable.

Pleased that the request of Mr. Michael be granted.

The Board of Superintendents of the Pres-
byterian denomination in the State of Delaware convened in the
last session in the Presbyterian Hall in the City of New
Brunswick on the 10th day of July 1881 at 4 o'clock.
The President of the Board, Rev. Dr. Wm. C. Cresswell, D.D.
after some prayer the following resolutions were approved
and passed. Resolved that the meeting with prayer and
the reading of the Lord's Prayer be observed in every church in the
State on the 10th day of July 1881.

In the evening of the 10th, the following members
answered to their names Thomas D. Witt, John L. Miller
Isaac S. Demond, Isaac D. Cole, Maurice M. Dought

James Murphy, Michael D. Van Hook, Benjamin Taylor,
William S. Hayer, Christopher Hunt, Robert Rice, Isaac
Boyd - The following additional members came during
the course of the morning session, James Stevenson, William
D. Wilson, Ferdinand H. Vanderveer, Isaac P. Labagh.

The minutes of the last meeting of the Board were then
read. Rev. William S. Hayer, and Isaac P. Labagh were ap-
pointed a committee to wait on the Professors, and inform
them that this Board will be ready to commence the exam-
ination of the students this afternoon at three o'clock.

It was resolved that the annual sermon before this
board be delivered in the Reformed Dutch Church in this city
to-morrow evening, and that the Rev. D. C. Taylor be appointed
a committee to make the necessary arrangements.

A report from Rev. J. E. Maas appointed a committee
at the last meeting of the Board to draft rules for its government
was presented, and read, and referred to the following committee
the Rev. D^r De Witt, and two Messrs Hunt and Stevenson.

The Rev. Messrs Wright, Van Hook, and Rice
were appointed a committee to prepare the Annual report to
General Synod.

The following annual reports from Professors
Killedoler, Cannon, and McClelland were received, read, and
referred to the committee appointed to prepare the report to
General Synod.

The undersigned reports to the Rev. Board of Su-
perintendents of the Theological College, that the number of students
regularly connected with the institution is at the present time twenty-four.
Of these eleven are of the Senior, five of the Middle, and eight of the Junior. The mem-
bers of the Senior class are Peter Allen, John C. Bruckshank, John H. Duryee,
William Demarest, John S. Demarest, William C. Gordon, Harrison Heermance, John
D. Knox, John H. Messick, William J. Poliman, and Ebenezer Higgins. One

members of the middle class are Philip M. Brett, Robert C. Clark, John A. Van Doren, Orlando Tharmann, and Cornelius Mykoff. ³¹¹ The members of the Union Class are John H. Atkinson, John B. Crawford, Anthony Edmundo, Edward G. Johnson, John E. Johnson, William S. Moore, John J. Luck, and Daniel M. L. Mackenbush. — Philip M. Brett who entered the seminary after the 15th of September 1836, and by advice of the faculty prosecuted his studies in the Didactic room during the first year has not particularly attended to Didactic Theology during the past year, and therefore will not now be presented for examination in that department. — Also John E. Johnson, and Daniel M. L. Mackenbush who entered the seminary after the 15th of Sept. 1837, and by advice of the faculty have prosecuted their studies in the Didactic room. Are now offered for examination with the Middle Class. — The name of Emilius Van Sandtwood is not included in this report. Van Sandtwood was formerly a student of Rutgers College, and left it for Union. On the 15th of September 1835 he returned to New Brunswick, entered the Theological College, and was examined with his class before the Board of Superintendents at the close of the year. After that examination he engaged in teaching school at Fairbairn till June 1836, and recently applied to the Faculty for a dispensation to go to Connecticut. At the request of this faculty he then gave his note amounting it is believed to upwards of two hundred dollars received from the Education Society of our Church, which has been put into the hands of the Rev. A. Thompson. The then Secretary and read from us a testimonial simply referring to the time he had passed in the seminary. — Mr. Emilius Van Sandtwood a very worthy young man of the middle class has been prevented through bodily indisposition from regular attendance during the past year in the Didactic room, and the undersigned is not without serious apprehension that his future course will be very much retarded, if not entirely checked by his continuance. The general deportment of our students during the past year has been such as to do honour to themselves, and to the institution with which they are connected. We are not much grieved from their future labours in the vineyard of our Lord, and are we think warranted to believe that they will prove workmen who need not be ashamed, rightly dividing the word of truth. — Through the kind mercies of our God

the present state of the literary institution is such, that we may reasonably hope for a more than ordinary accession to our theological college in the coming year - And if the churches shall wake up, and adopt vigorous measures for bringing forward young men to the gospel ministry, the time will not be distant when the churches at home, and the brethren abroad will have cause to bless God forever for his timely interposition in their behalf. All which is respectfully submitted

Official communication

The undersigned has had the honor to be informed by the Board of Superintendents of the Theological Institute - 1. That he has instructed the various classes during the last year in the several branches assigned to his department; and that the students during this course have been attentive to their studies, regular in their attendance on lectures, and disposed to improve their minds in knowledge - 2. That the conduct of the students has been marked with piety, and frugality in no ordinary degree - 3. And that the very feeble constitution of Mr. Wyckoff of the middle class has, with leave obtained from the Professors, created during the last winter an inflammation in his course of study, and led to his removal for a time from the Theological Seminary. Whether his general health is such as to encourage us in expecting him in the further prosecution of his studies at present, a matter respectfully submitted to the Board.

Gentlemen The students have performed their duties in my department during the last year with commendable zeal, and specially Messrs. Mackintosh, and Johnson of the Junior class have not lagged in the study of Hebrew in consequence of a more arduous period Mr. Brett has made good his deficiencies in that branch. Mr. Wiggins of the Senior Class has been prevented from attending me during the year past by his having accepted the tutorship in the College. I do not state this with the view that it may in any wise operate against him, but it is right that you should know the fact. Mr. Wyckoff has during the

last six months been unable for duty by ill health. — I perceive that
your Reverend Body in their last report directed the notice of Synod to
a division which I had made of my classes into "public and private" ³¹³
reading some observations which showed that you had doubts of the
wisdom of the measure. I felt a little surprised at being thus singled
out from my colleagues, and cannot but think that the plan as it is
carried is extremely misundersood. It is nothing more nor less than this. I in-
form the students that if any are desirous of entering more deeply into
the study of Greek and Hebrew than the course of the Seminary admits,
I am willing to meet them two or three times a week to render them an
assistance. None are compelled — all are welcome. Such of them as
accept the offer I call a "private" class merely to distinguish their
exercises from the public routine of the Seminary. A private class of this
kind I have had during the last year in Greek tragedy, of which five
thorough students are members, and of which the other eleven are not members
because they do not choose to be so. I am utterly unable to conceive
what there is in this arrangement incompatible to scholarship, or cal-
culated to produce dissatisfaction. Your Reverend Body had probably
forgotten that two years ago you raised a resolution of disavowing the measure.
Before closing my report permit me to bring before you a fact of
national interest. It is a subject of general lamentation among us that
the number of theological students is so small. This is however
true who come from the most are not aware of the extent of the evil,
which is really alarming. The whole number of students in the Seminary is
twenty-four. Some of these twenty four I find on careful enquiry that at
least have not in any sense of the word been brought up in the Dutch
Reformed Church, or under the influence of its ministry. They are by birth
education, and connections Presbyterians, and came over to us when
they formed a connection with our Seminary. I say this not to show
disparagement for they are highly respectable young men, but to show
how little our Church is doing in the great cause of sending laborers
into the Gospel harvest. The whole number of candidates for
the ministry furnished by our own Congregations is fourteen. — Permit
me in connection with this to state another fact. During a visit
which I lately paid to some brethren who are members of one of our

largest classes, I asked two of them, how many young men
between the ages of fourteen and twenty four they had in full com-
-munion. They answered, Not one. They also stated that they knew
the case to be as bad in the other churches, and one of them posi-
-tively stated that were but three in the bounds of the Ch^h in
or not more than three. Another brother, pastor of a large and
flourishing congregation in one of our cities on being asked on being
asked the same question could name but one ^{single} individual. If this
deplorable state of things exists generally in our Church, it seems quite
superfluous to enquire why so few young men enter our theological
seminary. The wonder is not that we have only twenty four, but that
we have half that number. The ~~cause~~ ^{cause} of the evil I cannot think
to be the entire want of piety among our people, you'd, out attach-
ment to a usage which has become sort of common law in both the
Scottish, and Reformed Dutch Churches of deferring actual communion
with the church till marriage, and settlement in the world. The con-
-sequence is that they who are really, and deeply serious conceal
their feelings, and the pastor is unacquainted with the spiritual
condition of the most interesting part of his flock. Thus hundreds
grow up unknowing, and unknown, not even suspecting to what
high, and noble uses they might be put; & by a and by they may
and make a profession of love to their Redeemer, which they might
have made with sincerity perhaps six years before. Now the Pastor has
discovered them, but too late to secure their services to the church.
Nothing in my opinion would be more promotive of the cause of in-
-ternal education than impressing the minds of our serious youth
with the wickedness, and danger of the practice, referred to

Yours with respect

10 o'clock A.M. and was opened with prayer by Rev. L. C.
Van Rensselaer.

The following, preamble, and resolution were adopted.

Whereas it appears from the reports of the Professors that
some of the students have not attended all of the studies
of their classes to which they respectively belong, and that
one of them has by sickness been obliged to suspend his studies
entirely for a great part of the past year. Therefore,

Resolved that Rev. J. Stevenson, D. C. Taylor, and C. S. Tyler
be a committee to enquire into the cases of the students above
referred to to ascertain what action if any on the part of the Board
may be called for in reference to them.

The members of the Senior class were examined
upon Experimental Religion, and their views touching the
gospel ministry.

After the examination was completed in the
different branches, it was Resolved that the Examination be
sustained, and the senior class be recommended for Honorable
certificates.

The students were called in, and informed by the
President that their examination was sustained, and that the
senior class was recommended for Honorable certificates
after which the address to the students was delivered
by the Rev. A. Rice, and the Rev. L. C. McMillan commenced
the young men to God in prayer.

The Committee on the Drafting of rules re-
ported, and their report was adopted, and was as follows.

The Committee on the preaching of Students reported. Their report was adopted, and was, as follows:

The Committee to whom was referred the subject of the preaching of Students respectfully report information has been received that during the year past, several of the students in our Theological Seminary have preached in some of our churches during the Sabbath services and at other times. This is contrary to an express rule of the General Synod, and also of the regulations of the Theological School. The liberty given by the Board in 1822 allowing students to deliver an exhortation approved by at least one of the Professors in New Brunswick or its immediate vicinity cannot furnish a warrant for this. Authority to wear the vest can only be denied from a license by the elders, and until such license be obtained, students should view themselves as private members of the church. Fields of usefulness open to them in which they can more appropriately and usefully occupy themselves, as such, without ministerial seeming to men in the ministerial names. There cannot be too great caution exercised at all times, and especially in the present circumstances of the Christian Church in strictly guarding this point. Your Committee are aware that there

are instances in which students have engaged in public preaching at the solicitation of pastors, and that that the blame is to be attributed to some or our ministers to induce the student to transgress in this respect. Your Committee would recommend to the Board to adopt the following Resolutions

I. Resolved, that the Board of Superintendents direct the attention of the Students of the Theological Seminary to the Writ of General Synod forbidding them to preach in public, and expect their careful attention, and obedience to it

II Resolved that the stated clerk furnish a certified copy of the above to the Students of the Theological Seminary, and that he also cause to be inserted in the Christian Intelligencer the Writ of General Synod for the information of the members of our church & respectfully Submitted
Thomas L. Witt Jr

The committee appointed on the case of W. McKeeff and others reported: Their report was adopted and is as follows
The Committee appointed to enquire into the cases of those students who have not attended to all the studies of the classes to which they respectively belong, respectfully report that the cases of Messrs Brett, and Maguire have been satisfactorily explained to your Committee, and that there appears to be no deficiency in the case of Mr Maguire, and that in the instance of Mr Brett, he has been permitted to attend to some of the studies of the Middle class during the past year with the view of attending to some of the studies of the Senior class next year, from which by very peculiar affliction he has been prevented during the past winter. The Professors, Middletons, and Cannon believe that these cases can well be sustained. Reflecting the case of Mr McKeeff, your Committee would state that Professors Middletons and Cannon (Prof. W. Clelland not having been on the subject) are of opinion that there is reason for serious apprehension, that from the state of his health, his ministerial usefulness should necessarily be impaired, and

It was also directed to be published in the Boston Intelligence.
The Board of Supervisors have also published a
book which describes a new manuscript. The
book contains a list of names entered on the Registry
from 1790 to 1800, and a list of names who were
not. It is the same as that of the preceding year, when
the Board was organized. The usual constitution now was
received on the 10th inst. which reminded the General
of the intention of the Directors, during the next year to make
such an effort to know themselves and to be consistent
with which they are connected, and to arrange the main
-gence of the Society with respect to their future
conduct. It affords you Board great pleasure to state
that the examination which was conducted in a manner
calculated to give a full and satisfactory explanation
of the Board are called to mind. The names of the members

the improvement made in the different classes in their
respective courses of study was such as to conform to the utmost
the expectations warranted in the Professoral reports. The
readings, and accuracy with which answers were uniformly
given to the questions, no person every subject gave credit
worthy to the class, and successful application of the stu-
dents. The examination being approved the senior class
were unanimously recommended for Professoral certificates
the number of students at present in the same are as follows.
Senior Class Peter Allen, John C. Crickshank, John H. Dwyer, John J.
Emery, William Emery, William H. Gordon, Harrison Heermance, John Jones, John F.
Kestek, William L. Johnson, Ebenezer Wiggins. — Middle Class 14, Mr. Birt
Robert C. Clark, John A. Van Doren, Orlando Hartman, Cornelius Nyckoff,
Junior Class John H. Johnson, John J. Johnson, Anthony Elmendorf, Ed-
ward D. Johnson, John E. Johnson, William S. Moore, John Quick, Daniel C.
Linn, Sverkerenbush. — A Mr. Van Doren's family connected
with this Seminary has taken a strong bias to the Unitarian system
given a note to secure the amount received by him from the
Board of Education etc. Nyckoff has been obliged to discontinue
his studies for a season on account of ill health. — The present num-
ber though not in advance of that of the preceding year exceeds
what has usually been found in our Seminary. Still, no less
efforts be made this year be continually increasing, until the num-
bers of our church will take rank with the most distinguished
of other churches in numbers, as they already do in intelligence,
talent, and religious advantages. It is not however the voice of
murmuring, and reproach that is to bring "noscentia nostra
laudes". Let our ministry through the length and
breadth of the church watch with unflinching solicitude over
the young generation, foster with assiduity, and care the
youth who give indications of usefulness. Let them bring
upon them a more than ordinary degree of Christian influence

and, present every encouragement which the Gospel commands,
reaching upon God for the blessing, and the highest happiness
323
is realized, and the most enlarged service rendered to the
we summoned by the voice of God; the daily duty, the ones
of the church the wants of the world, and the service, and
that of a devoted Proportionate. In the spirit of noble exhortation
appears. May we not say to the churches and institutions of our
much "We, thank you, for thy light has come, and the glory of
the Lord has risen upon thee". Information is already through
the churches that the city of New Brunswick has been the
seat of the mission, and "mighty workings of the Lord". In
Literary, and Religious institutions have been shared largely
in the direct influence. Many have become hopeful converts
in the one, while the members of the other have experienced
the refreshing of their souls, and the revival of their grace.
It is already ascertained that a number of the subjects
of this work are engaged to give themselves to the ministry
of reconciliation, and pursue their preparation course
in our Seminary. Our Lord has then to the help of the
direct labour to strengthen, and enlarge the institutions
which he has made the witnesses of his grace, and, however,
even the cry of want will cease in our vacancies, and distant
lands rejoice, and be made glad through our testimony.
In consequence the Board respectfully
suggest the propriety of changing the day of meeting
from Thursday to the second Wednesday in May.

All which is respectfully submitted

From Dr. Cannon

The undersigned begs leave to report to the board
of Superintendents of the Theological School now assembled
1st That he has through the year past instructed
the classes now to be examined, in the branches assigned
to him, and found them regular in their attendance on lec-
tures, and anxious to make proficiency. Mr Luck of
the Middle Class has been slower in his progress than
those of his own class. This defect may be ascribed to the
weakness of his eyes, and his memory. Of his present attain-
ments however, the Board will on the present occasion be
enabled to form a judgment.

2. That the young gentlemen in the School
have given evidences of piety, and circumspection, such as to en-
dean

them to their teachers, and to promise thus far promise of
usefulness in the Gospel ministry

Jas S. Cannon

From Dr. McClelland.

New Brunswick July 1838

Gentlemen

Nothing has occurred in my Department worthy of
special notice during the past year. The Department of the students
is dignified and exemplary, and most of them are studious. Some
of them deserve great ardour in the pursuit of knowledge, while
there are a few who seem content to wait for it, if peradventure
it will come to them. I do not suppose however that we have
a larger proportion of indolent young men than other seminaries.
One thing is to be exceedingly lamented, the entire unprepared-
ness of many of them for commencing a course of Theology in con-
-sequence of their want of elementary Christian knowledge. This
was especially the case with the last class, many of whom
as you know had become serious but a few weeks before.
But the evil is general. I do not in the least exaggerate
that there are individuals among us who cannot repeat the
ten Commandments. As to the Creed, or catechism I doubt
whether they have ever seen them except by accident. I could
give you facts on this subject which would expose me to the
suspicion of being somewhat addicted to Romanism, had I not
the evidence at hand. This is not the fault of the young men,
but the dismal consequence of the want of early religious education

and should in my humble judgement be met by an elementary course of doctrinal instruction during the Junior year, based either on the confession of Faith, or the Heidelberg Catechism. In this way general ideas would be acquired which would materially assist their progress in every branch of study, especially that of the exposition of the scriptures; and prepare them for the systematic course of the middle, and senior years.

Yours with respect

Thos. M. Clelland

P.S. Messrs. W. Fenwick, and Crawford have been forced to leave the Institute by ill health. Mr. Wyckoff who was reported last year as unfit for duty by the same cause has given full attendance since September last.

Article VII. Examinations

The examination of the Senior, and Middle classes was commenced at half past 2 o'clock on the first day of the session under the direction of Professor Miller on the subject of Didactic, and Polemic Theology, and was continued during the session of that afternoon, and through the morning session of the second day till half past 10.

The examination of the Senior, and Middle classes was entered upon at half past 11 A.M. of the second day of the session under the direction of Professor Cannon on the subjects of Ecclesiastical History, Church Government, Historical Theology, and the Sacraments, and was continued through the morning and till half past 4 o'clock of the afternoon session.

The examination of the Senior, Middle, and Junior classes was entered upon at half past 4 P.M. of the second day of the session under the direction of Professor M. Clelland on the several subjects connected with his department, and was continued through the remainder of the afternoon session, and from 9 o'clock

to half past 11 of the morning of the third day of session
The Junior Class was examined by Professor Cameron from
eight to nine o'clock of the morning of the third day of the session
on the subject of Pastoral Theology 329

The examination of the classes in the several
branches having been completed, the members of the Senior
Class were questioned in relation to experimental religion,
and their views in entering the ministry. Whereupon it was

Resolved that the examination be sustained, and
that the Senior Class be recommended for professional cer-
tificates.

Article VIII. Reports of Committees.

The committee appointed by the Board
at its last meeting for the reception of students into the
Seminary reported. Their report was adopted, and is
as follows:

The Committee appointed by the Board of
Superintendants to receive in connection with the professor
students into the Theological Seminary. The chairman the
Rev J. Brodhead D.D. being absent, the Rev. Benjamin Taylor
was appointed Chairman, and Rev. M. S. Hutton Secretary.
The meeting was opened with prayer by the Chairman.
The following young gentlemen made application to be recei-
ved as students in the Theological Seminary WZ John B. Hager
Jacob Bookstaver David D. Demarest, Ephraim Devery John
L. Janeway, William R. Janeway, Robert Pitts, George Schenck
Martin L. Schenck, John A. Staats, William H. Steele, Isaac
P. Stryker, Robert Van Amburgh, William J. Van Doren
John Witbeck, William Wright. 16 — Satisfactory testimo-
nials having been presented on their part of their having completed

a collegiate education, and of their being members in regular, and good standing of Churches in our connection with the exception of Messrs Steele, and Demarest, the Committee proceeded to an examination of the personal piety of the young men, and of their views in seeking preparation for the gospel ministry, which being sustained, it was on motion Resolved that they be received as members of the Theological Seminary, with the understanding that Messrs Steele, and Demarest are to furnish certificates of their actual reception into the Communion of the Reformed Dutch Church — Mr William Wright having presented testimonials of his having pursued a course of Theological study for the space of three years in the Seminary at Glasgow, and expressing a desire to be admitted into the Senior Class, the Committee referred his case to the Professors to decide as to the best course for him to pursue in the plan of study — Mr Wyckoff whose case was referred to the Committee by the board of Superintendents appeared before the committee, and after the examination of his case, it was referred to the Professors to assign him his proper station in the classes

The Committee on Professors' Reports presented their report, which was amended, adopted and is as follows The Committee to whom were referred the communications from the Professors beg leave to report
Your Committee are happy to learn that the General

department of the students has been such as becoming candidates for the sacred office. There is one fact presented to view in the communication of Professor Miller to the Board that is worthy of the attention of the Board. It is that two students have been dismissed from the institution during the past year. The committee waited upon Professor Miller to learn the reasons of this dismissal. The Professor stated that Mr Wright finding that there was some doubt as to his obtaining a dispensation from General Synod had applied for a dismissal, and that W Johnson had applied for a dismissal in order to enter upon the study of the law.

It appears to your committee that as the power of the reception of students is lodged in a committee of the Board jointly with the professors, no student should be regularly dismissed from the Seminary without an action of the Board on the subject. It is no doubt necessary that the Professor should have the right of giving leave of absence for sufficient cause during a portion of the session.

The Committee have seen Mr. Quirk (allusion to whom is made in the communication of Professor Cannon) and find from their conversation with him that the state of his health has been such for some time past that he has been obliged to divert a portion of his attention to his studies.

In reference to the communication of Dr. M. Clelland, your committee would recommend that as the present Summer class will at the commencement of the next session come under the instruction of the Didactic Professor, no action

is deemed necessary in regard to them — Your Com-
mittee would recommend to the Board the adoption
of the following Resolution: Resolved that a committee
of the board be appointed to confer with the Committee
appointed by the last General Synod, and suggest to them
the propriety of endeavouring to obtain the services of Rev
D. Janeway in some appropriate department in the Theological
School — Your Committee further recommend that
as the General Synod have recommended to the Theological
Professors to constitute themselves into a Theological faculty
hereafter the annual communication should emanate
from the Theological faculty, and not be the act of indi-
vidual Professors. Respectfully submitted

The Rev. Dr. D. Witt, the Rev. B. C. Taylor, and Rev. M. S. Hutton were
appointed the Committee of conference with the Com. of Gen. Synod
Theological School

The Committee on the Synodical Report presented
the following which was accepted, and adopted

The Board of Superintendents of the Theological
School respectfully report to the General Synod

The Board assembled at the appointed
time July 11. 1830 at New Brunswick. Twenty two mem-
bers were in attendance. Communications were received
from the respective professors, all concurring in represen-
ting that the conduct of the students generally, during
the past year has been exemplary both as to their attention
to their studies, and their religious character and influence.
The following were reported as constituting the different
classes Senior class Philip M. Brett, Robert E. Clark

Orlando Harriman Jr., John A. Van Doren, Cornelius Myer-
-off 5. Middle Class. John H. Ackerson, John B. Crawford
Anthony Elmendorf, John E. Johnson, William S. Moore,
Daniel M. L. Quackenbush, John J. Quirk 7. Minor Class
John B. Alliger, Jacob Bookstaver, David L. Demarest,
Ephraim DePuy, John L. Sauerway, William B. Sauerway,
Robert Pitts, George Schenck, Martin L. Schenck
John A. Staats, William H. Steele, Isaac P. Stryker
Robert Van Amburgh, William Van Doren, John Witbeck 15.
Edward L. Johnson, and William Wright received
certificates of admission, the former in order to commence
a course of the study of the law, and the latter in order
to connect himself with the Theological Seminary at
Princeton — The Board resolved that as in the
plan of the Theological School, the General Synod have
entrusted to them in connection with the Professors the
reception of students, it was proper that the power of
admitting students should be considered as vested in
the same. The Board annually appoint a committee
out of their number in the vicinity of New Brunswick to
act in conjunction with the Professors in this matter. Although
it is deemed competent for the Professors to give leave of
temporary absence, it is resolved that in all cases where
full admissions are requested, the Committee of the Board
will be consulted. The Classes were examined in the
different branches of study by the Professors in their res-

creative departments. The Board were gratified by the proofs exhibited of the fidelity, and success of the Professors in the discharge of their duties, and of the advancement of the students in preparation for the great work which they have in view. The Board can only reiterate the confidence which they have before from time to time expressed in the Professors to whom they have entrusted the charge of their Theological school, and their unwavering conviction that while it fully merits, it should and forth the co-operation of all the friends of our Church in promoting its influence, and prosperity. This co-operation should be an active, and untiring one. While we believe that no institution furnishes better means for acquiring a sound, and accurate Theological literature, we feel that our Churches should be supplied from this fountain, when in early attachment to her order, and interests our young men shall go forth with the force of their early associations, and strengthened attachments. From year to year vacancies by death, and removal are occurring in our Churches, new openings for the organization of Churches of our denomination are found, while the cry from heathen lands is addressed to us "Come over, and help us." To meet these wants an increased number of licentiates from year to year is to be desired. The class which entered the Seminary last fall is more than usually large, arising in a great measure from the blessed effusion of the Spirit on our literary institution. May we not hope that the accessions to our school will not be in a diminishing, but an increasing ratio, and every year exhibit an onward progress.

335
To effect this the constant co-operation of all the friends
of our Church in bringing to our Church all the sons of the
Church within her bounds preparing for the Ministry, while
we trust some from other sources may be attracted to her.
The importance of our literary institution in furnishing
supplies to our theological Seminary is exceedingly
apparent. It has continually yielded a large proportion,
but at no time more so than in the last Class. Fourteen
out of the fifteen which constitute the class are gradu-
ates of Rutgers' College. In labouring for the prosperity
of the College, we employ one of the surest, and most
effectual means for the prosperity of the Theological School
and the welfare of the Church — The examina-
tion of the Students was unanimously sustained, and
the members of the Senior class were recommen-
ded to the Professors for their Certificates. This

I have appointed a committee to confer with
with the committee appointed by the last General
Synod, and suggest to them the propriety of en-
deavouring to obtain the services of the Rev. Dr. Langway
in some appropriate department in the Theological
School

leave to submit the following report -

The Committee have examined the reports presented to their
hands & would call attention to a few things which alone
seem to require a notice -

Mr Wm R. January not having
not having attended the exercises of the last Session could
not of course be expected to be present at this examination
and at the same time it is evidently proper that he should
join the next Middle Class should his health permit
his return to the Seminary - The Report of the Director
Professor also notices the absence of Mr John S. Witt, but
does not state at what time such leave of absence for
his health was given & therefore the Committee are at a loss
as to his case - But from information from one of the Committee
they would recommend ^{that} Mr S. Witt on his return join the
New Junior Class - It is also recommended that the Com-
mittee on the admission of students inquire particularly
into the case of Mr J. A. Rogers should he return to the
Seminary, & have power to ask definitely in the same -

It is to be regretted that the Professors have not reported
as a Faculty - it is recommended that the Stated Clerk
of this Board give them special notice of the arrangement

adopted in reference to this, subject of the Case of the
Board - And it is further recommended that such persons
embrace on account of the regulations of each Class to each
paper, with a notice of any Lectures given on particular
subjects by any of the Professors -

343

In reference to the punishing of the students, the Committee
recommended that the Board read the rules adopted on
this subject to the Class (the Classes) concerning the same
with remarks explanatory of the views of the Board. The
Committee further recommended that the Theological Society
report annually, whatever infringements of this rule may
occur, and the Stated Clerk give them notice of this recom-
mendation.

Also that the students be very careful not to originate
or hold meetings for exhortation or for prayer in the sancts
of any congregation without the knowledge & concurrence
of the Minister of said congregation -

The classes were examined before the Board, by the professors, upon the several branches of study pursued in their respective departments. The Board were greatly pleased to find that the students had made good improvement of the favorable opportunities which are afforded them by the good course of instruction, which is now so ably conducted in our Theological School. The examination was highly satisfactory. The members of the Senior Class in addition to an examination upon the subjects of Logic, some particularly questioned in relation to personal piety and their views & motives on desiring to enter the Gospel Ministry. Having given to the Board ample satisfaction on all the subjects on which they were examined it was Resolved that their examination be sustained, and that they be recommended to the professors for the usual professional certificate to entitle them to an examination before their respective classes.

The Synod will no doubt unite with the Board in sentiments of gratitude to the great Head of the Church for his continual favor which he has pleased to bestow upon our School of the Prophets. The number of its students is gradually increasing & the prospect thus becoming ever the more flattering; that the Church will realize her high expectations in regard to our institution so dear to her affections & so vital to her best interests. It has already sent forth from its walls many whom the Lord has eminently blessed in building up the royal palaces of Zion in gathering souls in to the Kingdom of Christ, & in carrying the Gospel of the grace of God to the benighted heathen. But when we remember how much land remains yet to be possessed; how many openings in providence of a most favorable character for the enlargement of our Church are presented; & how loud & how affecting the calls from the Master & persuading her then, for the purposes of Christ to break to them the bread of life; we are urged to renewed diligence & prayer for the

We the undersigned Professors of sacred
 Theology in the Reformed Dutch Church, by this our sub-
 -scription, uprightly, and in good conscience before God declare
 that we heartily believe, and are persuaded that all the
 articles, and points of doctrine, contained in the confession, and
 catechism of the Reformed Dutch Churches, together with the
 explanation of some points of the said doctrine, made in the nation-
 -al Synod held at Dordrecht in the year 1619, do fully agree
 with the word of God. We promise therefore that we will, dili-
 -gently teach, and faithfully defend the aforesaid doctrine; and
 that we will not inculcate or write, either publicly, or privately,
 directly, & indirectly any thing against the same. As also that we
 reject ^{openly} all the errors which mistake against this doctrine, and partic-
 -ularly those which are condemned in the above mentioned Synod; but
 that we are disposed to refute the same; openly to oppose them, and
 to exert ourselves in keeping the church pure from such errors. Should
 it nevertheless hereafter happen, that any objections against the doctrine
 might arise in our minds, or we entertain different sentiments, we
 promise that we will not either publicly, or privately profess, teach
 or defend the same by preaching, or writing, until we have first pre-
 -sented such sentiments to the General Synod unto whom we are
 responsible - that our opinions may in the said General Synod
 receive a thorough examination, being ready always cheerfully to
 submit to the judgement of the General Synod under the penalty
 in case of refusal to be censured by said Synod. And whenever the
 General Synod upon sufficient grounds of suspicion, and to preserve
 the uniformity and purity of doctrine may deem it proper to demand from us
 a more particular explanation of our sentiments respecting any article of
 the aforesaid confession, catechism, or explanation of the National Synod

we promise to be always willing, or ready, to comply with such de-
-mand under the penalty before mentioned, reserving to ourselves the
right of rehearing, or a new trial if we shall consider ourselves ag-
-grieved in the sentence of the Genl Synod; During the dependence
of which new trial we promise to acquiesce in the judgement already
passed, as well as finally to submit without disturbing the peace of
the churches to the ultimate decision of the ~~next~~ General Synod.
